Base Cost

When configuring a game, you can set a **Base Cost Multiplier**, which multiplies the Base Cost (minimum size bet) set by Playtech. This means that while the number of ways in this game is 1024, the Base Cost to play is set to 10 by Playtech - you can then set a Base Cost Multiplier to set the stake levels for the game.

This is an innovative feature that allows Playtech to offer games that are more amenable to cheap Free Spins Bonus promotions, while still allowing Playtech games to deliver the full range of features and winlines.

For example, on this game the Free Spins Bonus can be promoted at a cost of 10p (Base Cost Multiplier 1), while still being able to have the game available at a default cost of 20p (Base Cost multiplier 2) or even 40p (Base Cost multiplier 4).

There are no fractional betting and rounding concerns.

Examples are in the table below:

Base Cost Multiplier	Stake
1	10 cents
2	20 cents
3	30 cents
4	40 cents
5	50 cents

In addition to the base cost, licensees should also set a maximum total bet. It is recommended this is set in relation to what the max win cap will be.

Examples are in the table below:

Win Cap	Recommended Max Total Bet
£100,000	€22.68
£200,000	€45.35
£250,000	€56.69
£500,000	€113.38
£750,000	€170.07
£1,000,000	€226.76
£1,500,000	€340.14

WILD Symbol

The dinosaur egg and hatchling symbol is the **WILD** symbol in the game.

The **WILD** symbol can land on reels 2, 3 and 4 only.

The **WILD** symbol substitutes for any other symbol, except **SCATTER** symbols, to make the best possible winning combination.

During the **Wild Trail Feature**, any **WILD** can appear as a 2x, 3x or 5x multiplier **WILD**.

The basket of dinosaur eggs symbol is the **SCATTER** symbol in the game.

The **SCATTER** symbol can only appear on reel 5.

Game Features

Wild Trail Feature:

When a **SCATTER** symbol lands on the third or fourth row of reel 5, the **Wild Trail Feature** triggers.

A free respin triggers and a random **WILD** symbol locks to reel 4.

If this respin does not result in a win, a second respin triggers, and a random **WILD** symbol locks to reel 3.

If this respin does not result in a win, a third and final respin triggers, and a random **WILD** symbol locks to reel 2. This respin is guaranteed to result in a win.

During the **Wild Trail Feature**, any **WILD** can appear as a 2×, 3× or 5× multiplier **WILD**, and regular **WILD** symbols can land during the feature as well.

The **Wild Trail Feature** ends after the third respin, or when a respin results in a win.
