

## CRAZY PACHINKO

### PACHINKO-INSPIRED SLOT GAME WITH A LIVE BONUS GAME

A vibrant addition to our legendary live slot games – introducing Crazy Pachinko, an RNG slots game packed with tons of multipliers and a live Pachinko Bonus game!

Immerse into multiple stages of fun, as the game consists of the Qualification slot phase, Top-Up slot phase and culminates with the incredible Pachinko Bonus game with a live game host, featuring guaranteed rewards.

Collect three scatter symbols to qualify for the Pachinko Bonus game, which has been made easier with the introduction of Sticky Scatters.

But remember, each phase of the game presents opportunities to snag multipliers that accumulate, paving the way for potentially multiplied payouts.

The Pachinko Bonus game showcases the iconic Pachinko wall, where the game host drops the puck, just like in Crazy Time. All the accumulated multipliers throughout the game will be calculated and added to

the wall. Sit back, relax and watch as the puck settles at the bottom of the wall. If you are lucky enough, it might land on a 'Double' sector, doubling the multipliers on the wall and triggering a second puck drop for a colossal win.

#### RETURN TO THE PLAYER (OPTIMAL): 96.05%

Improved chances to qualify with Sticky Scatters

Chance to accumulate large multipliers throughout the game
