#### About Red Tiger Jackpots

Like all Red Tiger slots, Apache Way may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 94.72% RTP and adding a 1% jackpot contribution gives an overall RTP of 95.72%. The RTP of the jackpot contribution itself is 100%.

### RITUAL OF THE SUN

All Sun scatters that have triggered the feature lock on the screen and 3 Free Respins are awarded to the player. Each new Sun that lands locks as well and resets the respins counter. The feature ends if no new Sun scatters land for a duration of 3 respins or if all symbol positions have a locked scatter on them. During the feature the monetary values with which the Sun scatters appear represent a stake Multiplier of between 1x and 20x your current stake. At the end of the Ritual of the Sun all the prizes shown on the Sun scatters are added up and paid out. A full screen of Suns awards an additional 2000x stake Multiplier Prize that is added to the award accumulated by the Sun scatters.
