# Game Description (for Players)

Live the high life with Towering Fortunes™.

Set across 5×3 reels planes, fast cars and super yachts make up the symbols of this luxurious release with players needing to create matching combinations of symbols across the title's 20 paylines to be awarded a win. A wild helps in the creation of these wins by substituting all symbols in the game except the bonus awarding money symbols.

Three or more money symbols are needed to unlock the Hold & Spin feature. Here the reels expand to be 11×5 in size with each reel having three respins to land an additional money symbol. As the money climbs each reel's multiplier can go up to a maximum of 100x!

This is the MONEY symbol.  
At every spin the MONEY symbol takes a random value from a pre-defined set.

## HOLD & SPIN FEATURE

Hit 3 or more MONEY symbols anywhere on the reels to start the feature.

When the feature starts, normal reels fade away and the screen is replaced with a 11x5 grid of possible positions. The MONEY symbols that triggered the feature move to the bottom of the reels they are on and the game automatically spins blanks and MONEY symbols.

After every respin all new MONEY symbols that hit remain in place, stacking on top of the existing ones. Each reel has 3 lives. If after a respin a new MONEY symbol hits on a reel, the lives are reset back to 3. After 3 consecutive respins without a new MONEY symbol added to a reel, that reel gets blocked and no more respins happen on it.

On top of each reel there is a multiplier. The multiplier increases as the stack of MONEY symbols on a reel gets higher as follows:

- 5 or less MONEY symbols - no multiplier
- 6 MONEY symbols - multiplier 2x
- 7 MONEY symbols - multiplier 5x
- 8 MONEY symbols - multiplier 10x
- 9 MONEY symbols - multiplier 20x
- 10 MONEY symbols - multiplier 30x
- 11 MONEY symbols - multiplier 100x

The round ends when all 5 reels get blocked and no more respins are remaining.

At the end of the round, the values of all MONEY symbols on the screen are multiplied by the multiplier on top of the reel they are on and then added together and paid.

Special reels are in play during the feature.
