

GAME OVERVIEW

SWEET POWERNUDGE™

Game Description

The popular nudging reels return in Sweet Pownudge™

This candy-inspired release is set across a 6×5 grid and features symbols depicting various sweets, including jellies and chocolates that must be landed in combinations of five or more in order to trigger a win. Whenever a winning combination hits, all reels that contain at least one winning symbol automatically nudge down to reveal new symbols and additional win opportunities. Reel five is home to multiplier values that can boost these wins, increasing the winning potential on offer in the base game.

Landing four scatter symbols will award seven free spins in the bonus round, where the multiplier meter is always active, and additional scatters that land are collected, with four or more of these required to unlock a retrigger and award an extra three spins.

Players with a sweet tooth will love the big wins and sugary treats on offer in Sweet Pownudge™!

MULTIPLIER REEL

Next to the normal reels there is an extra reel containing only multiplier values.
Possible values are x1, x2, x3, x4, x5 or x10.

In the base game, the multiplier reel is disabled. At random spins it can enable. For that spin and all resulting nudges it will spin and nudge along with the rest of the reels. After each spin, the multiplier value in its middle position will be added to a total multiplier that applies to the win of the current spin and nudge.

At the end of the spin and resulting nudges the multiplier is reset to x1 and the multiplier reel is disabled.

FREE SPINS FEATURE

In the base game SCATTER symbols are collected during each spin and resulting nudges. Collect 4 or more SCATTER symbols in a nudge sequence to trigger the FREE SPINS round.

If more than 4 SCATTERS are collected in the base game spin that triggered the feature, they will carry on to the FREE SPINS, remaining collected and contributing to possible retriggers. The round starts with 7 free spins.

Every time 4 SCATTERS are collected during the round, 3 more free spins are awarded.

The multiplier reel is enabled for the whole duration of the whole free spins.

Special reels are in play during the feature.
