# MOON SPIRIT HOLD & WIN

## Game Features

## Certified Markets

### DREAMCATCHERS

At the start of respins, Moon Spirit symbols become Level 1 dreamcatchers and will upgrade whenever a new one lands adjacent, with higher prizes for each level, up to a massive 1,000x top Totem award.

### HOLD & WIN RESPINS

Look out for Moon Spirit scatter symbols, as 5 or more will trigger the Dreamcatcher Hold & Win bonus, where 3 respins are initially awarded and will reset to 3 every time at least one extra symbol lands.

### MYSTERY SPIN

The Moon Mystery Spin can trigger randomly on any base game spin, causing stacked symbols to spin through on the reels, with any that land in view all turning into the same symbol at the end of the spin.

### WILD MULTIPLIER

The Wild is also a multiplier, which can land on any of the middle three reels and multiply all wins by x2 - up to three Wilds can land per spin, one per reel, and can multiply each other for a max multiplier of x8.
