

## Red Tiger presents: Lion's Hoard

The king of the beasts welcomes you to the Lion's Hoard. From untold ages comes the treasure of a lifetime, full of diamonds, golden crowns and ruby hearts. Set in a golden hall, you have the chance to be a warrior and brave ancient mysteries to get the lion's treasure. You will start the game with two full Diamond Sockets. Diamond Scatters that land on a reel fill these Diamond Sockets as you continue to play, and when all of them are filled the reel turns into a Diamond Reel containing locked Mystery Stones. Any progress features in the game, including symbols locked onto the reels which affect subsequent spins, are saved for your game at the stake level you are playing at. Do you have what it takes to brave the hoard?

#### About Red Tiger Jackpots

Like all Red Tiger slots, Lion's Hoard may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 94.72% RTP and adding a 1% jackpot contribution gives an overall RTP of 95.72%. The RTP of the jackpot contribution itself is 100%.

## FEATURES IN THE GAME

## DIAMOND REELS

Each reel except the middle one has four Diamond Sockets above it. The game will start with 2 sockets full on each stake. Diamond Scatters that land on a reel will fill its Diamond Sockets. When all sockets are filled the respective reel will turn into a Diamond Reel which contains only locked Mystery Stones. These Mystery Stones reveal a random identical symbol on the next spin and on each spin after that until they participate in a win.

## FEATURES IN THE GAME

### WHITE DIAMOND SCATTER

A non-paying symbol that can land on all reels except the middle one. The White Diamond Scatters increase the progress bar of the reel they appeared on by one socket. Multiple White Diamond Scatters can land on the same reel and on top of Mystery Stones and Super Wilds. White Diamond Scatters that go above the maximum sockets will instead increase the Reel Multiplier by one for each White Diamond Scatter that overfills it.

### BLUE DIAMOND SCATTER

A non-paying symbol that can land only on the middle reel. It instantly fills all Diamond Sockets on all reels. If all sockets of a certain reel were already filled, it will instead increase its Reel Multiplier by one.

## FEATURES IN THE GAME

### MYSTERY STONES

When a Diamond Reel is activated, it will be filled with Mystery Stones which stay locked for the subsequent spins. On each spin, all Mystery Stones will reveal a random identical symbol. If the revealed symbols participate in a win line, the Mystery Stones will unlock and leave the screen and the progress will reset to zero.

### SUPER WILD

Substitutes for all paying symbols. A 1x4 Wild symbol that can only appear from Mystery Stones. If the Mystery Stones reveal four small Wild symbols, they will merge into one big Wild which will replace the Mystery Stones until it participates in a win line.

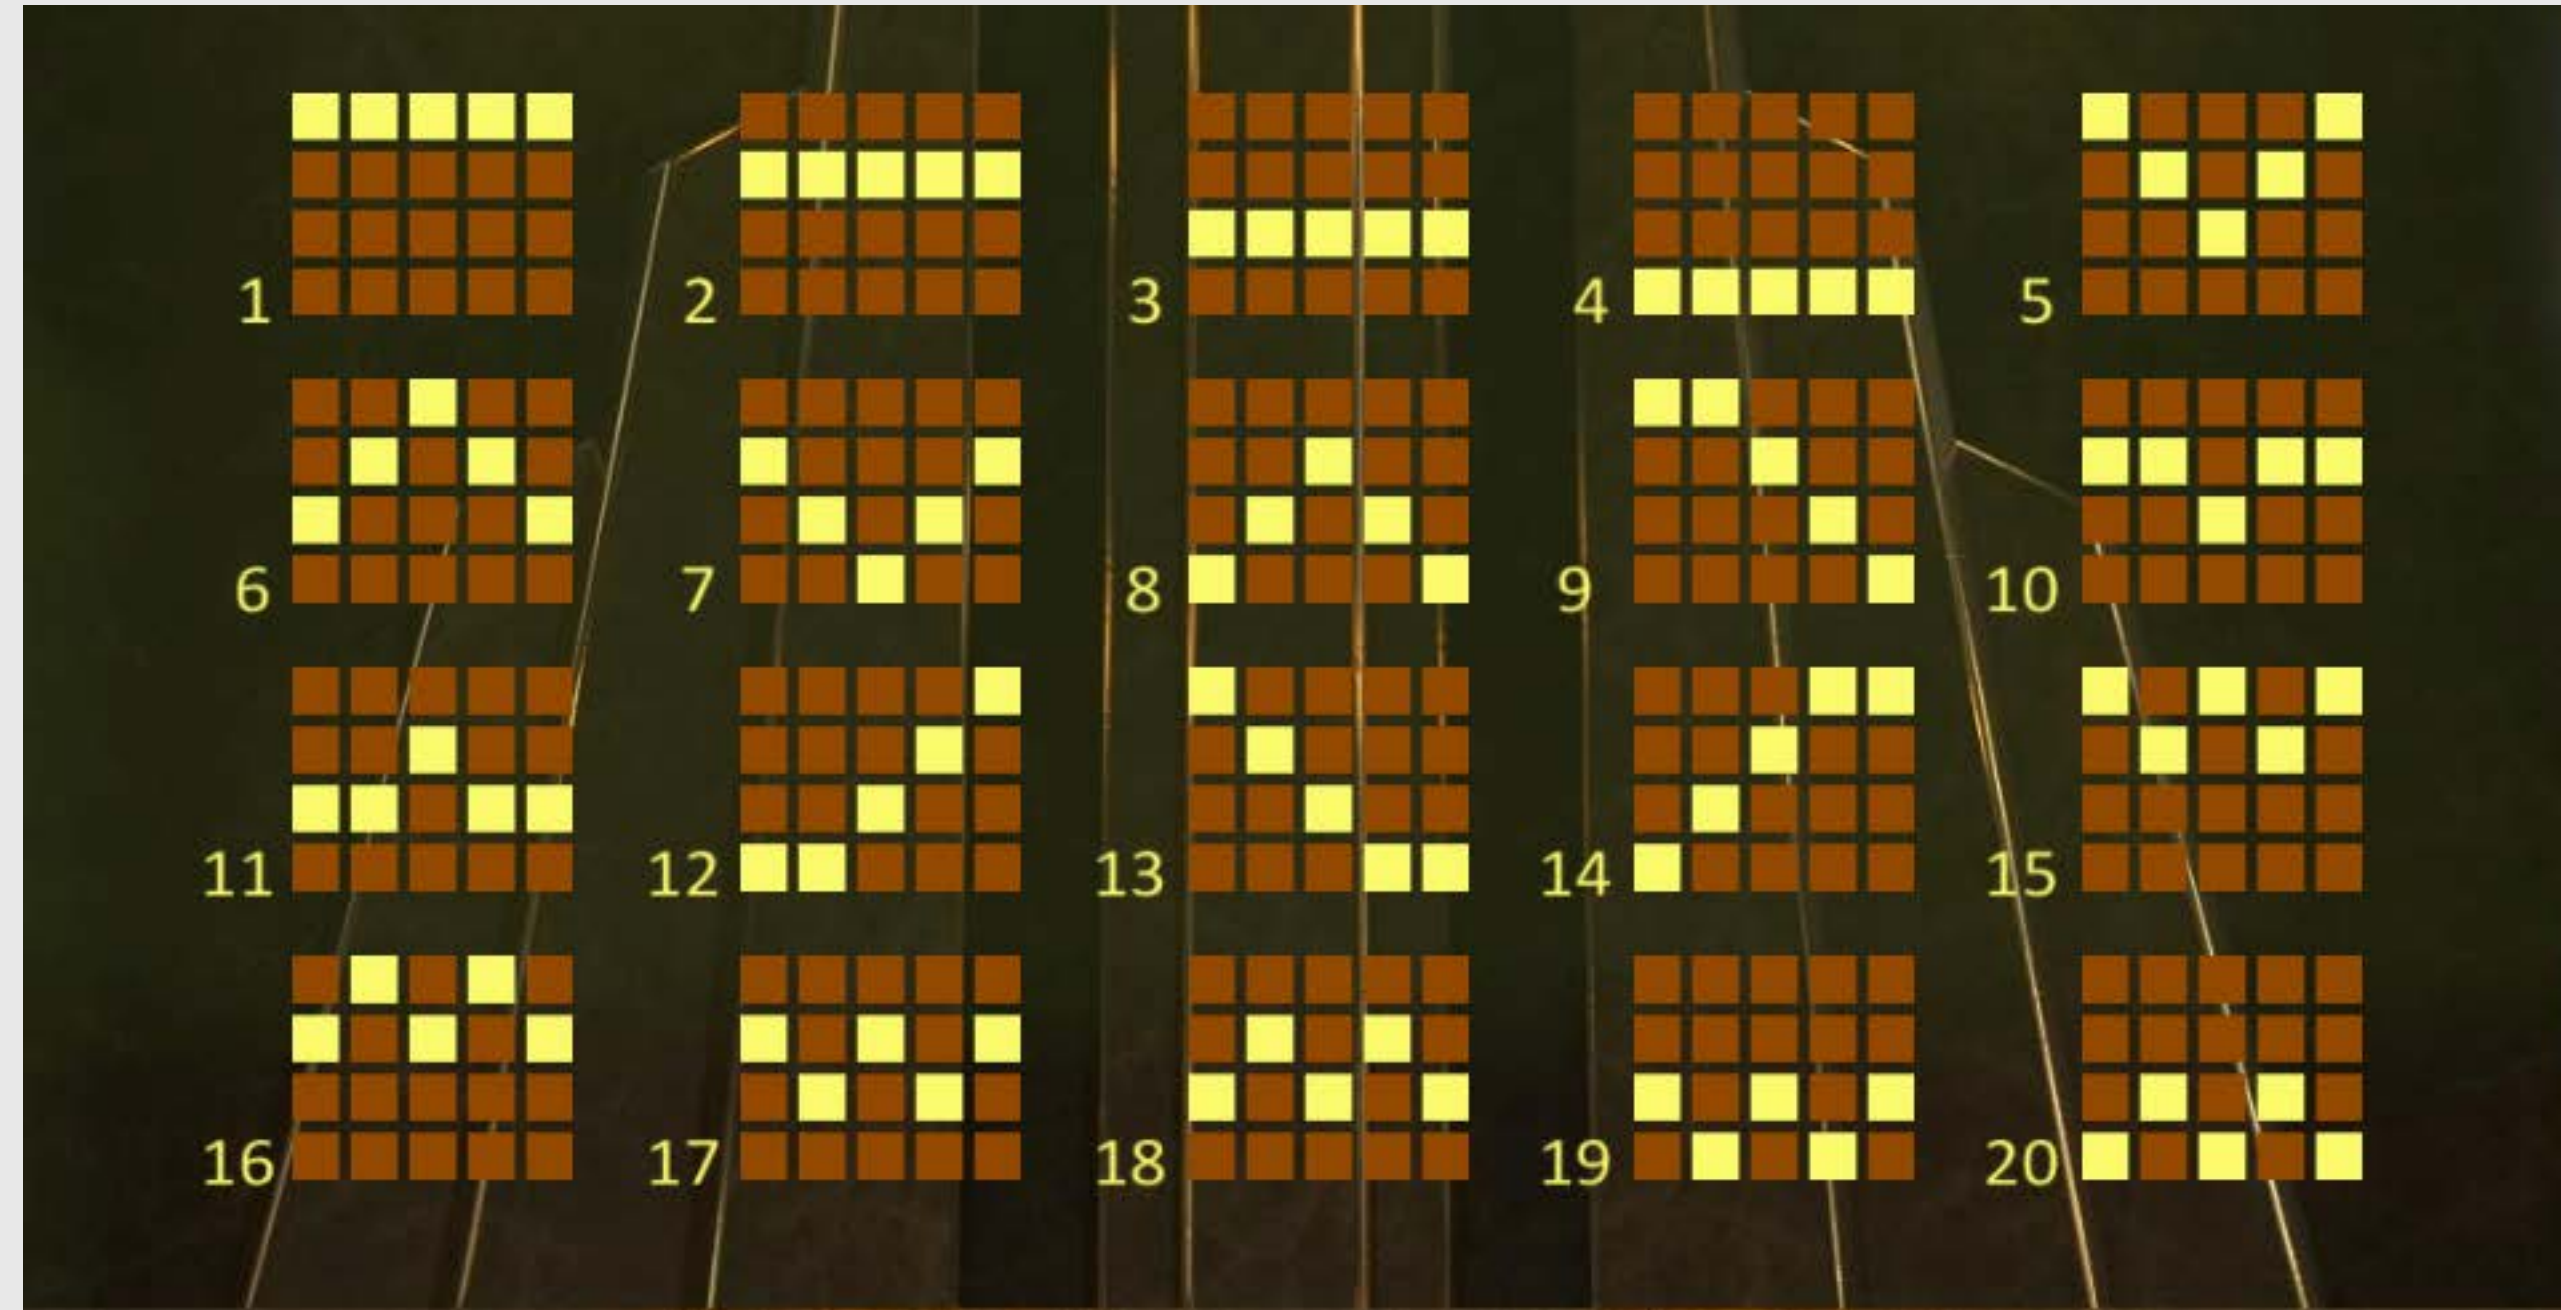

## FEATURES IN THE GAME

## REEL MULTIPLIER

Every Diamond Scatter that appears on an active Diamond Reel will add to the Reel Multiplier. It applies to all lines in which symbols from that reel participate. If symbols from several Diamond Reels with an active multiplier participate in a line, the multipliers will multiply each other up to 96x.

# WIN LINES

All wins are paid when a symbol matches a win line pattern from either leftmost side of the reels or rightmost side of the reels.
