

Boogie on down in this Funktastic Game Show

Built on our mega-successful Crazy Time live game show concept, Funky Time astounds us with its 70s vibes, groovy bonus games and many more chances to win whopping multipliers.

Throw yourself into the iconic disco era and land some fantastic payouts!

The main game features a unique digital money wheel that animates several random multipliers per round. Win on a spin of the wheel with opportunities to cash out instant wins or proceed to one of the four dynamic bonus games. Bar, Stayin' Alive, Disco and VIP Disco. In Bar bonus, pick a beverage and multiply your multiplier when you receive a garnish. In Stayin' Alive bonus, select your colour ball and climb the multiplier table for a max multiplier of 10,000x. Join the dance floor with Mr. Funky in Disco and VIP Disco bonus game, where Mr. Funky will be collecting multipliers on each square on the virtual dance floor with a potential win of 10,000x in VIP Disco.
