SPECIAL RULES

Total Strike

Version 1.0, 05/07/2022

Welcome to Total Strike, the clash between two forces that brings to life this five-reel Slot with three rows, 20 paylines, a thrilling multi-level bonus game and a Free Spins round packed with massive prizes.

Try to defuse as many bombs as possible without detonating them in order to win the highest possible prize.

The game has medium-high volatility, with a maximum prize of up to 1.097 times the bet.

GENERAL INFORMATION

Type of game	Slot
Number of reels	5 reels
Number of rows	3 rows
Number of lines	20 lines
Features	Free Spins with Wilds accumulator Multilevel bomb defusing bonus
Return to player (RTP)	87.93%; 90.05%; 92.01%; 93.95%; 96.03%
Supported languages	Multilingual

GAME RULES

- All the wins are generated on adjacent reels starting from the leftmost reel.
- There are a number of possibilities that can be selected for bets. The selected bet appears in the “BET” marker on the main screen.
- The help screen shows the payout for the selected bet.
- All prizes are shown in the currency set by the casino.
- Only the biggest prize per line played will be paid.
- The game starts by pressing the *PLAY* button.
- The RNG determines a result and shows it graphically to the player.
- All the wins obtained are automatically and immediately credited to the account/wallet of the player.
- The result of each game will be instantly displayed to the participant and will be maintained for a reasonable period of time.
- The winning combinations and wins are assigned based on the Paytable.
- The game rules can be viewed by pressing the “HELP” button (before and after the game).
- The average game duration will be no less than three seconds, so no more than 600 games can be played in 30 minutes.
- Malfunction voids all pays and plays.
- The Autoplay option allows the user to automatically complete consecutive plays, without having to interact with the game.

AUTOPLAY

- This mode starts when the player presses the *AUTO* button and selects the number of plays he or she wants to complete.
- The player can stop Autoplay at any time and maintain control of the game during this automatic mode.
- Autoplay mode does not differ from the standard mode.
- Autoplay mode does not affect the theoretical return to player percentage of the game.

FEATURES

WILD

This is the Wild symbol.
It replaces all symbols except the Scatter.

SCATTER

This is the Scatter symbol and it will only appear in the base game. If the symbol appears on the spin, you have a chance to access the Free Spins round with 10 spins.

SNIPER MECHANICS

This is the Sniper symbol.

During the Free Spins round, all Sniper symbols are accumulated, completing a skull. Every time all the skulls of a symbol are completed, the symbol inside it will act as a Wild and an extra Free Spin will also be added.

On the spin following the completion of all the skulls, the corresponding symbol will turn Wild every time it appears.

BOMB DEFUSING BONUS

This is the bonus symbol and it will only appear in the base game. If this symbol appears three or more times, you will be granted access to the bomb defusing bonus.

Defuse the different bombs during the bonus to win a bigger prize. There are three levels within the bonus and the maximum prize in the bonus is 1,000 times the bet amount.

For each bomb, you will need to choose which wire to cut (red or blue).

FREE SPINS DIRECT PURCHASE

You can buy direct entry to the Free Spins round for 20 times the amount of the bet. You will enter it with the selected bet and you will play a complete round of 10 spins with the same conditions as if you had entered through the game.

This feature can be deactivated at the customer's request or for certain legislations that do not allow it.

PAYTABLE

The prizes are calculated using the following formula: [prize] = [bet per line] x [prize column value]

Symbol	Number of symbols for prize	Prize multiplier	Features
	5	X 2000	Wild. Only awards prizes in the Free Spins feature. It replaces all symbols except the Scatter and Bonus.
