### Fruit Cascade Feature

Winning combinations cause the reels to cascade. Winning symbols stay on the reels, and non-winning symbols are removed. Winning symbols fall to the bottom of the reels, and new symbols fall in from above.

If the new symbols that land extend a previous win or form a new win, all symbols that participated in a win stay on the reels. The feature continues until no wins are extended or created. The winnings are calculated once the cascades are over.

If 1 **SCATTER** symbol is on the reels when they cascade, the **SCATTER** symbol is removed. If 2 or more **SCATTER** symbols are on the reels, they will remain in view when the reels cascade.

### Level Up Feature:
