*NSYNC POP

*NSYNC POP is a 5 reel video slot with 144 payways in the base game.

On random spins 2 or more POP symbols can land, anywhere on the reels. They will pop to reveal matching symbols of any type except Scatter.

Scatter symbols can land on the second, third and fourth reels only. 3 Scatter symbols on the reels will award 8 Free Spins.

In Free Spins there are 5 POP symbols above and 5 below the reels. When a POP symbol lands on the reels it will activate the POP symbol above or below the reel, in that order. These POP symbols reveal matching symbols. The revealed POP symbol above or below the reels is now an extra space for symbols to land for the remainder of Free Spins. All 10 additional POP symbols can be activated to expand the reel area up to 2400 payways.

Wild POP symbols are only available in Free Spins. They reveal a sticky Wild. They also activate the POP symbol above or below, which will reveal any type of symbol, and expand the reel area for the remaining Free Spins. The sticky Wild will stay in position for the rest of Free Spins.

If all 10 POP symbols above and below the reels are activated and revealed in Free Spins, an Encore Spin is awarded once all standard Free Spins are complete. Only *NSYNC band member symbols can land. Any sticky Wilds locked in place during Free Spins are also kept in play. The Encore Spin uses the fully expanded reels with 2400 payways.
