About Red Tiger Jackpots

Like all Red Tiger slots, In the Rabbit Hole may be taken with or without Red Tiger jackpots. If a jackpot version of the base game is taken, it must be paired with a jackpot contribution to get the final overall RTP of the game. For example pairing the with-jackpot base game certified at 94.74% RTP and adding a 1% jackpot contribution gives an overall RTP of 95.74%. The RTP of the jackpot contribution itself is 100%.

THEME AND SYMBOLS DESIGN

Playing card suits in fablelike representation serve as the low-paying symbols In the Rabbit Hole, where numerous wonders await you, my heroine! Your high-paying symbols are all objects that will help you navigate the chaotic terrains of this wondrous world: a book of spells, a magical cup of coffee, a musical hat, a mystical pocket watch, and a bunch of magic carrots and flowers.

The Wild roses of playing card petals stand in for all the winning combinations on a single pay line and are counted as the symbol that forms them. The Wilds only appear in the Bonus Rounds of Free, Win and Wild Spins.

WIN LINES

All symbols pay from left to right starting from the leftmost reel.
