

Jurassic Park™

About Jurassic Park™

- This game is a 5 reel and 3 row video slot game.
- This game includes 243 ways.
- The objective of the game is to spin the reels so the symbols land in different combinations.
- Winning combinations are highlighted on the reels. If you do not have a winning combination, the game is over and you can play again.

General bet and payout rules

- The bet size is the total number of credits bet per spin.
- A bet multiplier of 30 applies per spin.
- For example, 0.10 credits x 30 bet multiplier = 3 total credits bet per spin
- Payouts are based on the bet placed.
- Multiple regular winning combinations are paid per pay way.
- If there is more than one regular winning combination for different symbols on a pay way, you are paid out for each combination.
- If there is more than one regular winning combination for the same symbol on a pay way, you are paid out the value of the highest win.
- Scatter and bonus wins are added to regular wins.
- All paytables display the number of credits that are won for each combination.

Regular symbols

- Regular symbols are all symbols on the reels that do not have a bonus feature but complete regular winning combinations on enabled pay ways.
- Matching regular symbols must be next to each other on an enabled pay way.
- Regular winning combinations pay out from left-to-right, starting from the first slot reel.
- Regular payouts depend on your bet per spin.
