TOOLS AND MECHANICS

TOOL

- Live Casino Games Tournaments:
 - Weekly Roulette Tournament
 - Weekly Blackjack Tournament
 - Weekly Mega Wheel Tournament
 - Weekly Baccarat Tournament
- In-game client available with:
 - Prizes
 - Rules
 - Leaderboard
- Weekly cash prizes
- There is no additional development required from the operator side.

MECHANICS

- Regular mechanics:
 - Highest total value of all points received for consecutive wins
- The score is based on the total amount of accumulated points that will be granted to a player for every Consecutive Qualifying Win and added to the total number of points received by the player for each Weekly Tournament separately.
- Minimum bet requirements:

Currency	Roulette & Mega Wheel	Baccarat	Blackjack
€/£	0.5	1	10

WIN QUALIFIER

- A Win Qualifier is used to define whether the win is considered as a Qualifying Win or not for the point calculation of the respective Weekly Tournament.
- If $\text{payout (win + bet)} / \text{Qualifying Bet}$ is greater than a configured Win Qualifier for the participating game(s), in each type of Weekly Tournament, the win is considered as Qualifying Win.

Roulette: Player total payout should be more than 2 times of their total bet.

- If player places multiple bets on Roulette table, we are considering total bet and total payout for the Win Qualifier.

Blackjack: Player total payout should be more than 1 times of their total bet.

- Win event means that the player wins (push is not considered as a win).
- In the event of a player taking multiple seats at a Blackjack table the Win Qualifier is considering total bet and total payout across all seats together.
- Bets behind will be considered together with main bet as one total bet and one total payout if both bets will be winning.

Mega Wheel: Player total payout should be more than 1 times of their total bet.

- If player places multiple bets on Mega Wheel, we are considering total bet and total payout for Win Qualifier.

Baccarat: Player total payout should be more than 1 times of their total bet.

- If player places multiple bets on Baccarat table, we are considering total bet and total payout for Win Qualifier.
- Push is not considered as win.

WIN QUALIFIER EXAMPLE

BLACKJACK

- **Initial bet:** €20
- **Game result:** The player wins with hand that's not 21.
- **Payout:** 20 (win) + 20 (initial bet) = 40
- **Win Qualifier calculation:** Payout/total bet
 $40/20 = 2$

Win Qualifier in this example results into 2, therefore this hand is considered as Qualifying Win for Weekly Blackjack Tournament.

CONSECUTIVE QUALIFYING WIN DEFINITION

A **Consecutive Qualifying Win** is defined as follows:

- One Qualifying Win that succeeds another Qualifying Win in back-to-back games on the same table or any other table of the participating games in the same Weekly Tournament will result in two Consecutive Qualifying Wins.
 - Non-Qualifying Wins, Non-Qualifying Losses and unplayed rounds between Qualifying Wins will not be taken into consideration in determining the total Consecutive Qualifying Wins.
 - The maximum time between one Qualifying Win and the next Consecutive Qualifying Win is limited by the Weekly Tournament schedule.
 - The last Consecutive Qualifying Win that will be accounted for in a running Weekly Tournament is the Consecutive Qualifying Win received by a player at the end of a Weekly Tournament.
 - After the end of a Weekly Tournament the Consecutive Qualifying Win count will be set to zero and start to be accounted for the next Weekly Tournament.

CONSECUTIVE POINTS CALCULATION

The score is based on the total amount of accumulated points that will be granted to a player for every Consecutive Qualifying Win and added to the total number of points received by the player for each Weekly Tournament separately.

The Tournament's Points System will be based on Consecutive Qualifying Win with different Points Distribution for each new Consecutive Qualifying Win.

Consecutive Wins	2 nd Win	3 rd Win	4 th Win	5 th Win	6 th Win	7 th Win	8 th Win	9 th Win	10 th Win	11 th Win	12 th Win	13 th Win	14 th Win	15 th Win Onwards
Points	1	2	5	15	50	200	750	2.5K	8K	25K	50K	100K	200K	500K

Example:
Consecutive Wins: 5
