Giving players a chance to double their cash while experiencing the thrill of a classic casino slot is Double Cash Spinner, a three-reel, nine win-line stepper game.

Delivering seamless gameplay, Double Cash Spinner is a medium volatility, easy-to-play slot that emanates vibrancy and the visual allure of a casino.

Three bonus symbols on a win-line will trigger the game's exciting Cash Spinner Bonus feature where one spin of the Cash Spinner wheel is awarded to the player. The aim is land on a top multiplier prize for potentially big wins. If the player lands on one of the golden stars, the player advances to the game's ubiquitous Double Cash Spinner wheel, where all prizes are doubled.

A player can choose to play on the maximum, nine win-lines during the base game, for a chance to jump straight into the Double Cash Spinner bonus and trigger the x2 wheel, increasing their chances of a big win.
