Game rules

Game Rules

Player selects a Total Bet size to play 10,000 ways.

Base Bet is equal to Total Bet divided by 20.

Payouts are made according to the paytable

All wins are multiplied by total bet

Non-Trophy prizes displayed over PRIZE symbols (except SCATTER) have already been multiplied by total bet amount

Highest win paid per winning combination

Coinciding wins are added

Only positions containing the winning symbol are used in determining the win for that symbol

All wins begin with leftmost reel and pay left to right only on adjacent reels

The top reel adds a symbol to the reel it is above for reels 2, 3, 4 and 5

Every winning symbol (except SCATTER) explodes and is replaced by symbols coming from above on the reels and from the right in the top reel

BLANK, AMMUNITION and BEAR symbols only appear during Bonus Respins.

Malfunction voids all pays and plays.

Bonus Respins

Bonus Respins are triggered when 3 or more SCATTER symbols appear.

During the base game, SCATTER symbols display a prize multiplier from 1-100x or a trophy prize. There can only be one trophy prize on the reels at any given time. 3 respins are awarded.

During Bonus Respins, DEER, ELK, MOOSE, BEAR and SCATTER symbols are PRIZE symbols. Every non-Trophy PRIZE symbol has a prize value displayed. Trophy PRIZE symbols display a total bet multiplier.

On each respin, all cell positions not containing an unpaid SCATTER or living BEAR will spin revealing either a BLANK, PRIZE, HUNTER or AMMUNITION symbol. At the end of each respin, a crosshair will target a PRIZE symbol and its prize is collected.

If a HUNTER symbol appears, the crosshair will target all PRIZE symbols. There can only be one HUNTER symbol on the reels during Bonus Respins at any given time.

If an AMMUNITION symbol appears, the respin count is reset to 3. There can only be one AMMUNITION symbol on the reels during Bonus Respins at any given time.

DEER, ELK and MOOSE are GAME symbols.

Only one GAME symbol type will be used per Bonus Respins feature.

The GAME symbol to use is randomly selected when Bonus Respins is triggered.

DEER prizes range from 1-100 x total bet

ELK prizes range from 1-150 x total bet

MOOSE prizes range from 1-200 x total bet

At least one GAME symbol will land in each respin.

BEAR symbols have 1-3 lives.

A BEAR symbol's initial prize has the same range as the active GAME symbol

On each respin and before the crosshair appears, the BEAR will devour a GAME symbol.

The GAME symbol's prize value is added to the BEAR symbol's prize value.

The BEAR will choose the nearest GAME symbol to devour (Manhattan distance)

If multiple GAME symbols have the same distance to the BEAR, one is chosen randomly from the equidistant symbols.

The BEAR symbol moves to the position of the devoured GAME symbol.

When the crosshair targets a BEAR its prize at that time is collected and its life is reduced by 1.

If its life is greater than 0 then the BEAR will remain in the next respin, otherwise it is removed.

There can only be one BEAR symbol on the reels during Bonus Respins at any given time.

SCATTER symbols during respins always contain a trophy prize.

SCATTER symbols remain until the crosshair targets them or respins completes.

Platinum trophy prize is 2000 x total bet

Gold trophy prize is 250 x total bet

Silver trophy prize is 50 x total bet

Bronze trophy prize is 10 x total bet

There can only be one SCATTER symbol on the reels during Bonus Respins at any given time.

When no respins remain, the total collected prize is awarded.

Bonus Respins are played at the bet of the triggering spin

Symbol pays shown in the paytable are not awarded during Bonus Respins
