## Symbol Details

---

### **WILD SYMBOL**

The symbol showing the word 'WILD' on it is the **WILD** symbol in the game.

**WILD** symbols substitute for any other symbol to form the best possible winning combination.

## Game Features

---

### Gold Symbols Feature

On any spin, any symbol can appear as a gold symbol.

If 3 or more adjacent gold symbols land on the same row, the **Wheels of Olympus** feature is triggered.

There are 3 wheels that gold symbols can trigger: **3 Gold Symbol Wheel**, **4 Gold Symbol Wheel** and **5 Gold Symbol Wheel**.

### Wheels of Olympus

The **Wheels of Olympus** are triggered via the **Gold Symbols** feature.

The wheel that spins depends on the number of gold symbols that triggered the feature.

3 gold symbols trigger the smallest wheel, 4 the middle wheel and 5 the biggest wheel.

The bigger the wheel, the bigger the prizes.

The prizes awarded can be:

- cash prizes up to x500;
- up to 50 free games;
- a respin with up to 12 Wilds added on the reels;
- a spin of the next-sized wheel.

### Free Games

During the **Wheels of Olympus** Feature, the wheel may stop on a number. This number shows how many free games a player has won.

The small wheel awards 5 to 8 free games.

The medium wheel awards 8 to 12 free games.

The large wheel awards 12, 24 or 50 free games.

The player can win more free games while playing their original free games.

They cannot retrigger free games after playing 500 or more free games in a single session.

### Feature Bet Mode

In the main game, the player can activate the **Feature Bet** mode and boost their chances of triggering the **Wheels of Olympus** feature.

Playing in **Feature Bet** mode increases the player's total bet.

Enabling **Feature Bet** does not change the line bet.

## Age of the Gods™ Jackpot

The **Age of the Gods™ Jackpot** is a multi-level mystery progressive jackpot that is linked to the Age of the Gods™ series of games.

A small percentage of each bet placed in any of the Age of the Gods™ games is added to the progressive jackpot. The percentage of all bets placed is split between four jackpot levels, which are displayed in the upper part of the game screen, above the reels.

Any level of the **Age of the Gods™ Jackpot** can be won through the jackpot game, which can be triggered randomly after any main game spin in any of the Age of the Gods™ series of games. It is not triggered by any symbol combination, and even a main game spin that does not result in a win can trigger the jackpot game. Triggering the jackpot game is possible at any bet size, but the chances increase or decrease proportionally with the size of the bet.

Entering the jackpot game guarantees a win of 1 of the 4 jackpots: **Power Jackpot, Extra Power Jackpot, Super Power Jackpot** and **Ultimate Power Jackpot**. The 4 different jackpot levels represent different prize amounts, with the Power Jackpot awarding the smallest prize and the Ultimate Power Jackpot awarding the highest. The jackpot game screen shows 20 face-down coins. Clicking on a coin will reveal 1 of 4 jackpot symbols. Each jackpot symbol corresponds to 1 of the 4 progressive jackpots. Once 3 matching symbols have been revealed, the corresponding jackpot level will be awarded. The jackpot winnings are added to the main game winnings from the triggering spin (if any) and are displayed in the Win field, together with any other winnings.

The **Age of the Gods™ Jackpot** game has a timeout timer. If a matching set of coins is not revealed by the player before the set amount of time elapses, coins will be revealed automatically, and the corresponding jackpot will be awarded.

### The Jackpot for this game works like this:

<b>Seed</b> (how much money the Jackpots start out with):	Power: €50 Extra Power: €500 Super Power: €5,000 Ultimate Power: €100,000
<b>Contribution rate</b> (what percentage of each bet goes into the Jackpot):	0.99%
<b>Win condition</b> (the result the player has to get to win the Jackpot):	Entering the jackpot game guarantees a win. Match 3 jackpot symbols of the corresponding jackpot or wait for the timer to run out.
<b>Win requirements</b> (what the player needs to do to be eligible for the Jackpot):	Play a game linked to the Age of the Gods™ Jackpot.
