The Last Sundown

The Last Sundown is a 5-reel video slot machine with up to 7776 ways to win. The game features a SCATTER symbol, a WILD symbol, 5 character symbols, and 5 weapon symbols.

On any normal spin a random symbol (except SCATTER) is selected to become a splitting symbol. When any instance of a splitting symbol appears on the reels, it will split into two.

Landing 3 or more SCATTER symbols on any reel in regular gameplay awards FREE SPINS, with an initial 8 spins. At the start of the FREE SPINS a symbol (except SCATTER) is randomly selected to become a splitting symbol. The game then randomly chooses an additional symbol (except SCATTER) for collection. Each instance of the chosen symbol fills the collector by 1. Collecting 6 for each weapon, 5 for each character and 4 for the WILD symbol splits the chosen symbol for subsequent FREE SPINS. Each completed collection also awards an additional 3 FREE SPINS and the game selects a new chosen symbol (except SCATTER) for collection.
