GAME FEATURES

BLUE AND GOLDEN MYSTERY TOWERS

Start building your tower of cash when 1 or 2 Blue Mystery Towers land and convert to random symbols. The new revealed symbols then participate with the other symbols to create winning combinations. When 3 or more Blue Mystery Tower symbols land, they convert to Golden Mystery Towers to activate the Super Spins.

SUPER SPINS

The Golden Mystery Tower symbols nudge to match the highest Golden Mystery Tower symbol size, and the number of Super Spins awarded is based on the number of rows on a reel covered by the Golden Mystery Tower symbols. With each Super Spin, the Golden Mystery Tower symbols reduce their size by one row, plus a mystery symbol is revealed on the Golden Mystery Towers. The Super Spins are played until the Golden Mystery Tower symbols disappear from the reels.

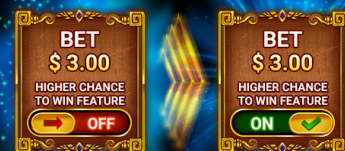

FREE SPINS

When 3, 4 or 5 Scatter symbols land, it triggers the Free Spins feature and awards 8, 12, and 15 Free Spins respectively with a guaranteed Blue Mystery Tower with each Free Spin. The Super Spins feature can be triggered during the Free Spins.

BOOST FEATURE

Boost your chances of initiating the Free Spins with the Boost feature. By activating the Boost feature, the original bet is increased by 50% and more Scatter symbols are added to the reels to enhance the chances of triggering the Free Spins.

BUY BONUS

Activate the Bonus feature anytime during the base game with the "Buy Bonus" option. Pay 150 total bet to play the feature.
