Game Features

Enhancer Cells

When landing a respin, two Enhancer Cells open up and will land one of the following symbols:

xWays® - Reveals 2-4 symbols of the same kind. It can reveal any paying symbol. If more than one xWays® symbol lands, then all xWays® symbols will reveal the symbol.

xNudge® Wild - A stacked Wild symbol that will always nudge to fully visible. Each nudge increases its multiplier by 1.

Wild - The regular Wild symbol.

Character symbols - Any of the higher paying symbols may land in the Enhancer Cells.

Respin

All winning symbols will stick on the reels and award a respin to further increase the win. Every respin that improves the win will award an additional respin. For each respin, the top and bottom enhancer cells open up from left to right - one reel at a time.

xSplit® Wild

xSplit® Wild is a 2x Wild, which can only land on the last reel. It splits all symbols in the same row into two symbols.

xSplit® Wild can split Scatter Symbols, which will double the number of Bonus spins that the Scatter symbols hold.

xSplit® Wild can split xNudge® and xWays® symbols, which doubles the multiplier of the xNudge Symbol and doubles the size of the xWays® symbols.

xWays® and Infectious xWays®

xWays® can only appear in Enhancer Cells or be transformed from a Scatter.

xWays® symbols will transform into a normal paying symbol. It will reveal 2-4 symbols of the same kind and increase the number of win ways.

Infectious xWays®: The revealed Ways symbol will infect all of the other same normal sized symbols on the 3-3-3-3-3 reel area to expand to the same size.

xBet®

At a cost of an extra 20%, the player is guaranteed a Scatter symbol on the second reel. The payout for each symbol is not affected.

Bonus Modes: 'The Search' and 'The Kill'

Landing 3 Scatter symbols trigger The Search. The spin count is the sum of the numbers carried by the Scatters. Extra Enhancer cells on reels 2,3, and 4 open up making the reel area 3-5-5-5-3. Landing the xSplit Symbol activates 'The Kill' spins and awards +2 spins.

Landing 3 Scatters and 1 xSplit® Symbol will trigger The Kill. Apart from The Search features, the xSplit® symbol will remain a jumping Wild on reel 5 during The Kill.

xBizarre®

The max Payout of the game is **74,800 times** the base bet.

If your win exceeds 18,700x, you will be given a 50/50 chance of getting an additional 18,700x - up to three times. If you make the wrong choice, all previous winnings will still be accounted for.
