Game Features

PLUNDERIN' RESPINS

5 or more gold coins will trigger Hold & Win Respins, awarding 3 initial respins which reset to 3 every time a new coin lands, and where different colour Booty Boosters can land to activate one of the modifiers.

BOOTY BOOSTERS

Green and Blue coins can also land during the Hold & Win bonus, with Green coins boosting all adjacent coins already in view by one cash level and Blue coins unlocking an extra row above the reels.

BOOTY BOOSTERS

During Plunderin' Respins, Silver and Purple coins can land and will collect the values of coins already in view, with Silver coins collecting all Gold values and Purple coins collecting all Gold AND Silver values.

EXPLOSIVE MODIFIERS

On any spin the pirate Captain can throw bombs onto the reels to transform symbols with one of three possible outcomes: Wilds Add, Symbol Upgrade or Bonus Add, which will make a feature trigger more likely.
