

Game rules: Starwins

Game has 5 reels, 3 rows and 10 paylines.
The number of active lines is fixed and equals to 10 lines.

This slot features 9 regular and 2 special symbols.

"Wild" symbol is a question mark, which substitutes for all symbols.

During the game, the **x2 symbol** can appear on any reel. This symbol opens a bonus multiplication game.

Bonus game:

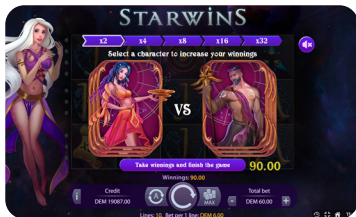

At the beginning of each round, player needs to choose one of two cards with a character to back, after which two cards duke it out. Winnings will increase exponentially with each victory and the multiplier can potentially hit x32.

In the progress bar player can clearly see how the winnings increase. If the chosen card loses, this will end up the bonus game. Winnings can be collected at any time.

This game is a **cascading reels slot**. All symbols that are part of a winning combination explode after player get winnings, and they're replaced with new symbols. This process of symbols disappearing and being replaced with new symbols will continue for as long as paylines are formed.
