## GAME DESCRIPTION

Step into the enchanted and magical forest of fortune! Forest Fortune is a 5x5 cluster based slot loaded with wilds and multipliers! The maximum win in this game is 5,000 times your bet!

## FEATURES

### SPREADING WILDS

Every time a WILD symbol lands on a reel in the base game, the wind feature is triggered. The wind will blow in a random direction and all WILD symbols on the grid will spread in that direction. The WILD symbols will spread the same number of positions as there are WILD symbols on the grid, within the limits of the available space on the grid. The WILD symbol substitutes for all paying symbols.

*Example: A grid contains two WILD symbols. The gust of wind is to the left, so both WILD symbols spread twice to the left leaving 6 WILDs on the grid.*

If you fill the entire grid with WILD symbols you will be awarded a win of 1,000 times your bet!

### FREE SPINS

Activated by landing 3 FS symbols!

Each reel has a multiplier and a progress bar above it. At the end of the free spin feature, the total win will equal the current bet times the total of all multipliers.

The blue Butterfly symbol will add the revealed multiplier value to the multiplier total of the reel where they land. The possible revealed multiplier values are 1x, 2x, 5x, 10x, 25x, 50x, 100x.

The green Butterfly symbol will multiply the multiplier total of the reel where they land with the revealed multiplier value. The possible revealed multiplier values are x2, x3, x5, x10, x25, x50.

The Bumblebee symbol adds one step to the progress bar above the reel where they land. If all progress bars fill up, the max win of 5000x is instantly awarded!

The Tornado symbol affects all symbols that have landed on the reels in that spin so that their values are added to all reels. This applies to both Butterfly and Bumblebee symbols.

These symbols are non-winning during the bonus:
