

BOILIN' POTS

Reels turn and cauldron bubble, prepare for the bonfire of Boilin' Pots! On every spin, there's a chance for the reels' height to increase up to 7-high with each arrow symbol landing increasing the height by 1. Expanding the reels to a full 5x7 triggers a series of Wild Respins. At the beginning of a respin, Stacked Wilds are added to every reel.

Elsewhere in the witches' brew, 3 scatters trigger a Rising Reels Bonus game, whilst 4 or 5 scatters award the same game with an additional coin win. In the Bonus Game, if a coin win or a Jackpot symbol land in the middle row, it is awarded. Jackpots can be won on reels 1, 3 and 5. The Bonus game starts with 3 lives. Any win resets lives to 3; every spin without a win decreases the counter by 1.

Bonus and wild symbols may land on any reel.

Expanding Reels

Each arrow symbol that lands on the reels increases the reels' height by 1 row, up to 7 high. If one arrow symbol lands on the reels, it creates a row and if on the newly added row there is another arrow symbol, one more row is added. The arrow symbol does not appear on 5×7 reels (maximum reel height). The arrow symbol does not appear in the bonus game.

Wild Respins

HOW TO CALCULATE WINS WITH WAYS

To calculate the total Ways win, add all the symbol wins together.

To calculate a single symbol win, count the number of consecutive reels that contain the symbol, starting from the left.

If the number of consecutive reels containing the symbol is 3 or greater counting from the left, find the corresponding win amount in the dynamic paytable.

If any of the reels contain more than 1 instance of the symbols, the win will be multiplied. Multiply the number of symbols on each of the reels to get the final multiplier. For example: if the first reel contain 2 symbols, the second reel has 3 symbols and the third reel has 2 symbols, the total multiplier is counted as follows: $2*3*2=12$ (total multiplier).

The above doesn't include any Bonus symbols which pay scattered.

Way Wins are summed together after the spin.

RETURN TO PLAYER
