GAME DESIGN

Game Theme and Graphics

While spinning, look after the scattered Coin symbols. Try to collect as many Coins as you can find and if you manage to collect them all - the **Grand Jackpot** is yours. While collecting the Coins, you might find other Jackpots as well - you just have to keep spinning.

Main Game

The game is played on 5 reels, each 3 rows in height, with 243 allpay ways always in play. Winning combinations run from the left to right, starting with the leftmost reel, except Scatter symbols.

Lock and Spin Feature

4 Jackpots can be won in Cash Connection™- Voodoo Magic™. To stand a chance of cracking them, you have to collect at least 6 Coin symbols in the base game. If you manage to do this, you will enter the **Lock and Spin Feature** with 3 Free Spins. This Feature will lock down your collected Coins from the base game and will check for any new Coins appearing during each Free Spin. If a new Coin appears, the Free Spins counter will be reset back to 3 and your journey will continue. Once all Free Spins are used up - the Free Spins counter reached 0 or the Grand Jackpot has been won, the Feature will end and pay out all the values on the collected Coins - including jackpots, in case their names appeared on any collected Coins. 15 Coins appearing on the reels during the **Lock and Spin Feature** trigger the Grand Jackpot and end the feature immediately.
