Introduction

CHOICE Master Tournament has been upgraded into a "Tournament Series" this year! Officially launching in June with multiple events every month, running through to the year-end finale in December — a total of 7 independent tournaments, with prizes paid out immediately after each event.

Single-event champions can solo claim up to USD 140,000 in cash, with annual cumulative prizes reaching USD 2,100,000 across all 7 tournaments. Every month brings new battles, every event a spectacle — the Master's throne awaits your conquest!
