Our old favourite Gold Collector is back, but this time we are not searching only for gold, but also for diamonds!

Gold Collector: Diamond Edition is a very high volatility, 5x4 reel set slot game with 50 paylines featuring Link&Win™ and Free Spins.

Landing at least 3 coins and/or diamonds in the base game triggers the Link&Win™ feature. All reels have 3 free spins to start collecting cash prizes and if you get lucky, Jackpots as well. When a coin lands during the feature, the spin counter for that reel is reset back to 3, a diamond landing anywhere on the reels resets all counters back to 3! The values of all landed coins and diamonds are collected at the end of the feature. Each reel carries a Jackpot prize, that can be won by filling the whole reel with coins and/or diamonds. Landing a diamond on each reel means the award of 5000x total bet will be added to your winnings!

When there are 3 Scatters anywhere on the reels, 10 Free Spins will be triggered. In the beginning of Free Spins all positions have a rock background. When a dynamite symbol lands, it explodes the rock and reveals a cash prize or a diamond symbol. When the dynamite lands on a position where it already has been, it may reveal a plunger symbol, that can explode up to 5 positions in one go and award a diamond or cash prize as well! Each revealed diamond adds +1 Free Spin to the session. Reel jackpots and Diamond Jackpot of 5000x total bet are here to be won! For reel jackpot all the positions on the respective reel must be exploded and for the Diamond Jackpot, you need to collect 5 of those shiny valuable diamonds.

Work hard in the gold mine and do not miss any coin or diamond!
