GAME OVERVIEW: SPIRIT OF ADVENTURE

Characteristics and features

All symbols pay from left to right on selected paylines

Only the highest win is paid per line

When winning on multiple paylines, all wins are added to the total win

To control bets, user is able to change the value of a coin in real currency and also increase the number of coins bet per line

Balance, bets, wins are all displayed in both coins and real currency at all times

There are 16 different symbols in the base game

8 high symbols

5 low symbols

1 wild symbol that substitutes for all symbols except Relic and Bonus symbols and appears only in Free Spins

1 Bonus symbol that appears on all reels.

1 Island Bonus symbol that appears only on reel 3

Free Spins Feature

During the Free spins round, the Relic symbols are also money symbols and at every spin they take a random value from a predefined set. Possible values are:

Sword: 2x, 3x, 5x, 7x or 10x total bet

Chalice: 5x, 10x, 15x, 20x or 30x total bet

Shield: 3x, 5x, 10x, 15x or 20x total bet

Mask: 10x, 20x, 30x, 50x, 500x or 5000x total bet

At every spin, the Wild symbol moves and stops on a random position on the screen replacing what would hit under it.

Then it will collect the values of all the Relic symbols that are on the 8 positions around it within the symbol grid. Every time a money symbol is collected, the Relic it represents is also collected in a trail.

After 4 Swords are collected in the trail, all future money collections with Wild from this symbol are going to be multiplied by x2.

After 4 Chalices are collected in the trail, all future money collections with Wild from this symbol are going to be multiplied by x3.

After 4 Shields are collected in the trail, all future money collections with Wild from this symbol are going to be multiplied by x5.

After 4 Masks are collected in the trail, all future money collections with Wild from this symbol are going to be multiplied by x10.

GAME OVERVIEW: SPIRIT OF ADVENTURE

When a trail is completed 3, 4 or 5 guaranteed free spins are awarded but not more than the number of guaranteed free spins won at the start of the feature, up to a maximum of 8, 10 or 12 total guaranteed free spins remaining.

After all the guaranteed free spins finish, a totem will appear on the screen moving to random positions along with the Wild at every spin.

If the totem ever stops on the same position as the Wild, the round ends.

Otherwise the game will keep giving additional free spins one by one until this happens.

It is possible for the totem to appear directly on top of the Wild immediately after the guaranteed free spins end.

Getting additional guaranteed free spins from filling the relic trails while the totem is on the screen, will make the totem disappear and come back only after the remaining guaranteed free spins are finished.

If the Island symbol hits during the free spins, random Relics with random values are going to be added on the screen at random positions

Special reels are in play during the feature.

Mystery Prize

At the end of the Free spins feature, if the total win of the feature is below 2250x total bet, the player can choose to take the win amount as it is or replace it with a mystery prize that can be smaller or higher than the current value, in a random manner.

Max win

The max win amount is limited to 5100 x bet. If the total win of a feature reaches 5100x bet the round immediately ends, win is awarded and all remaining features are forfeited.

Buy Free Spins

The Free spins round can be instantly triggered from the base game by buying it for 100x current total bet. The number of Bonus symbols hit on the spin that triggers the bought feature is random between 3, 4 or 5.
