Tales of Asgard: Freya's Wedding

Tales of Asgard: Freya's Wedding is a 5-reel video slot game with 30 fixed paylines.

WILD symbols substitute for all symbols (except SCATTER) and can appear on all reels. WILDS can appear as a single WILD or an expanded WILD covering 4 symbols high. FREYA symbols are only available in base game and replaced by THOR symbols in FREE SPINS.

HERE COMES FREYA: On any spin, an expanded FREYA WILD with x2 MULTIPLIER can appear on a random reel, awarding a guaranteed win.

SCATTERS are only available on reels 1, 3 and 5; collecting 3 of them triggers FREE SPINS. Different GROOM AND GUEST symbols are used during base game and FREE SPINS. FREE SPINS will continue as long as there is an expanded THOR WILD visible on the reels. At the start of FREE SPINS, an expanded THOR WILD is guaranteed to appear on the 5th reel. It moves one step to the left after each spin, increasing its MULTIPLIER each time by 1, up to x10. Once the leftmost reel is reached, expanded THOR WILD leaves the screen and may appear again on the next spin. The increased MULTIPLIER will be carried over next time expanded THOR WILD appears, and it will only be reset after the FREE SPINS.

If an expanded THOR WILD appears on the reels, FREE SPINS will continue, otherwise a second chance RE-SPIN is awarded with a higher chance of getting an expanded THOR WILD. RE-SPIN can happen multiple times during FREE SPINS, but it cannot be awarded on a consecutive spin. FREE SPINS end when there is no expanded THOR WILD appears on the RE-SPIN. The maximum number of FREE SPINS is 30. FREE SPINS will finish the remaining spins with expanded THOR WILD when the maximum number of FREE SPINS is reached.

Casino Standard Rules and Settings

WIN CALCULATION AND BETS:

- 1) Maximum wins are inclusive of the origin bet and based on the default bets for games
- 2) Underlined and bold values are default settings
- 3) Default settings can be changed by the operator
- 4) If the default settings/bets are altered, the maximum wins will be altered as well

CURRENCY:

- 1) All currency values relate to a currency multiplier of 1 which is accurate for EUR, USD, and GBP.
- 2) Other currencies, another multiplier might be used. For example: SEK has currency multiplier 10. All values related to currency should thus be multiplied by 10 for SEK. I.e. 10€ = \$10 = £10 = SEK100.
- 3) All currency is marked with an asterisk (*) next to the caption in all tables.
