

The background of the entire page is a vibrant, cartoon-style illustration of an Amazonian jungle. In the center, a woman with long dark hair, wearing a large, ornate headdress with purple feathers and a gold and blue face mask, holds a glowing golden orb. Behind her is a large, golden pyramid. The scene is set against a warm, orange and yellow sky with soft clouds. The overall aesthetic is rich and colorful, typical of online slot game marketing art.

Symbol Details

WILD Symbol

The red and gold symbol with the text 'WILD' on it is the **WILD** symbol in the game.

The **WILD** symbol can stand for any symbol, except for **SPECIAL WILD** symbols, to make the best possible winning combination.

SPECIAL WILD Symbol

The round shield is the **SPECIAL WILD** symbol in the game.

The **SPECIAL WILD** symbol substitutes for all symbols and triggers the **Wild Respins** feature whenever 1 lands anywhere on the reels.

Game Features

Wild Respins Feature

When a **SPECIAL WILD** symbol lands anywhere on the reels, the **Wild Respins** feature is triggered. More than 1 **SPECIAL WILD** symbol can land simultaneously on the reels.

When the feature starts, a golden anaconda comes out of the **SPECIAL WILD** symbol. With each respin, the head of the anaconda shifts to an adjacent symbol position and turns the symbols on those positions into locked **WILD** symbols.

Landing an additional **SPECIAL WILD** symbol on the reels during **Wild Respins** retriggers the feature.

After the anaconda returns to its initial position, all **WILD** symbols on its path, as well as any symbols inside the path it forms, turn into a large multiplier **WILD** symbol with a multiplier value chosen randomly from the multiplier wheel.

If the multiplier **WILD** symbol forms part of a win, it will multiply any win it forms a part of by the value shown.

Multiplier values are additive; if 2 multiplier **WILD** symbols form part of the same win, their multiplier values are added together.

If there an anaconda is still moving on the reels after a different anaconda turns into a multiplier **WILD**, the multiplier **WILD** symbol spins off the reels on the next respin.

The **Wild Respins** feature ends when all anacondas return to their initial positions.

Powerplay Jackpot

The **Powerplay Jackpot** includes: **Mega Powerplay Jackpot**, **Peak Powerplay Jackpot** and **Mini Powerplay Jackpot**.

The **Mega Powerplay** ticker shows the value of the **Mega Powerplay Jackpot**. The **Mega Powerplay Jackpot** is a progressive jackpot game. It is accumulated from all players' bets in all games which feature the **Mega Powerplay Jackpot**, among all online casinos that offer these games.

The **Peak Powerplay Jackpot** ticker shows the value of the **Peak Powerplay Jackpot**.

Spinning the reels before the **Peak Powerplay Jackpot** ticker reaches the amount shown can trigger the **Peak Powerplay Jackpot**.

The **Mini Powerplay Jackpot** ticker shows the value of the **Mini Powerplay Jackpot**.

Spinning the reels before the **Mini Powerplay Jackpot** ticker reaches the amount shown can trigger the **Mini Powerplay Jackpot**.

Any spin of any amount during the main game can trigger a jackpot. The larger your bet, the greater your chance of winning a jackpot.

For each bet placed, the operator contributes to the jackpot fund. Each contribution is equal to 2.99% of each bet placed. 38.66% of each contribution funds the current jackpots, and 61.34% funds the seed pot for the next jackpots. Each contribution is equal to 2.97% of each bet placed.

The jackpots are linked to several **Powerplay Jackpot** games, which are available through multiple casinos. The jackpots can be won by placing a bet in any of these games in any of the participating casinos.

The **Mega Powerplay Jackpot**, **Peak Powerplay Jackpot**, **Mini Powerplay Jackpot** are funded by the operator.

The seed pot funds the **Mega Powerplay Jackpot** seed, **Peak Powerplay Jackpot** seed, the **Mini Powerplay Jackpot** seed. (The seed is the amount of money a jackpot begins with.)

If 2 players win a jackpot at the same time, the 1st player will be awarded the seed and the progressive amount, and the 2nd player will win the seed together with any accumulated progressive part accrued in the time between when the 1st player won the jackpot and when the 2nd player won the jackpot.
