

SWEET BONANZA™ CANDYLAND

INTRODUCING SWEET BONANZA CANDYLAND

The iconic Slots brand from Pragmatic Play is coming to Live Casino

We are delighted to bring our players to the world of **Sweet Bonanza CandyLand** with all of its amazing and colorful features providing excitement, volatility and mega multipliers in a game show format featuring the **Sweet Bonanza Wheel**.

The new game has 6 betting positions on the wheel:

- 4x numbers – 1, 2, 5, 10
- 2x bonus games with the opportunity to win big

To further sweeten the wins, players will get a chance to qualify for even bigger multipliers when they land on the 'Sugar Bomb' section of the wheel.

STUDIO

The game will be broadcasted from our brand-new studio where we mix physical elements with the virtual 3D world to give a truly Immersive experience.

This unique **Sweet Bonanza Game Show** studio will feature dynamic lighting, sounds, and animation that will adapt seamlessly to game events and stages.

The center piece of the studio is the **Sweet Bonanza Wheel**. On either side of the wheel, the game showcases a dedicated area for each bonus game.

FREE SPINS BONUS GAME

Landing on the **'Sweet Spins'** section awards players 10 Free Spins!

This game is played live on the big screen and includes the same mechanics as the Sweet Bonanza Slot

All players need to do is sit back and enjoy the thrill and volatility of this bonus game.

MULTIPLIER BONUS GAME

One of the 3 balls selected by the player will drop through the virtual 'plinko' wall maze.

It will collect randomly generated multipliers on the **Candy Drop** wall.

At the end of the bonus round total winnings will be awarded.

SPECIAL FEATURE

SUGAR BOMB

As the wheel lands on the **'Sugar Bomb'** section, a random multiplier up to 10X will be awarded and a re-spin of the wheel will be initiated.
