

# GONZO'S GOLD

## Welcome to Gonzo's Gold™ video slot

Not all that glitters is gold — but try telling that to Gonzo! He's deep within an Inca temple and is close to unlocking riches beyond his wildest dreams in NetEnt's Gonzo's Gold™.

The game is a 5-reel, 5-row slot loaded with Free Spins. Three or more Scatter symbols award 10 Free Spins, and a bonus win. At the start of Free Spins, a pick-and-click game transforms one symbol into an expanding symbol. Expanding symbols help you on your quest, bringing you ever closer to unlocking the long-lost riches of the Incas.

Gonzo's Gold™ is a high volatility slot: a big win is possible on every single spin, and the maximum potential win can go all the way up to 6500 x bet. A new adventure begins! Discover Gonzo's Gold™ now.

## FEATURES IN THE GAME

## SCATTER SYMBOLS

Scatter symbols can appear anywhere on the reels in the main game and in Free Spins, and substitute for all symbols. Scatter symbols substituting for Expanding Symbols are excluded from the additional cluster win evaluation in Free Spins. Scatter symbol substitution pays the highest possible winning combination in a cluster according to the Paytable. Scatter symbols can participate in a winning combination only as a part of other symbols.

## FEATURES IN THE GAME

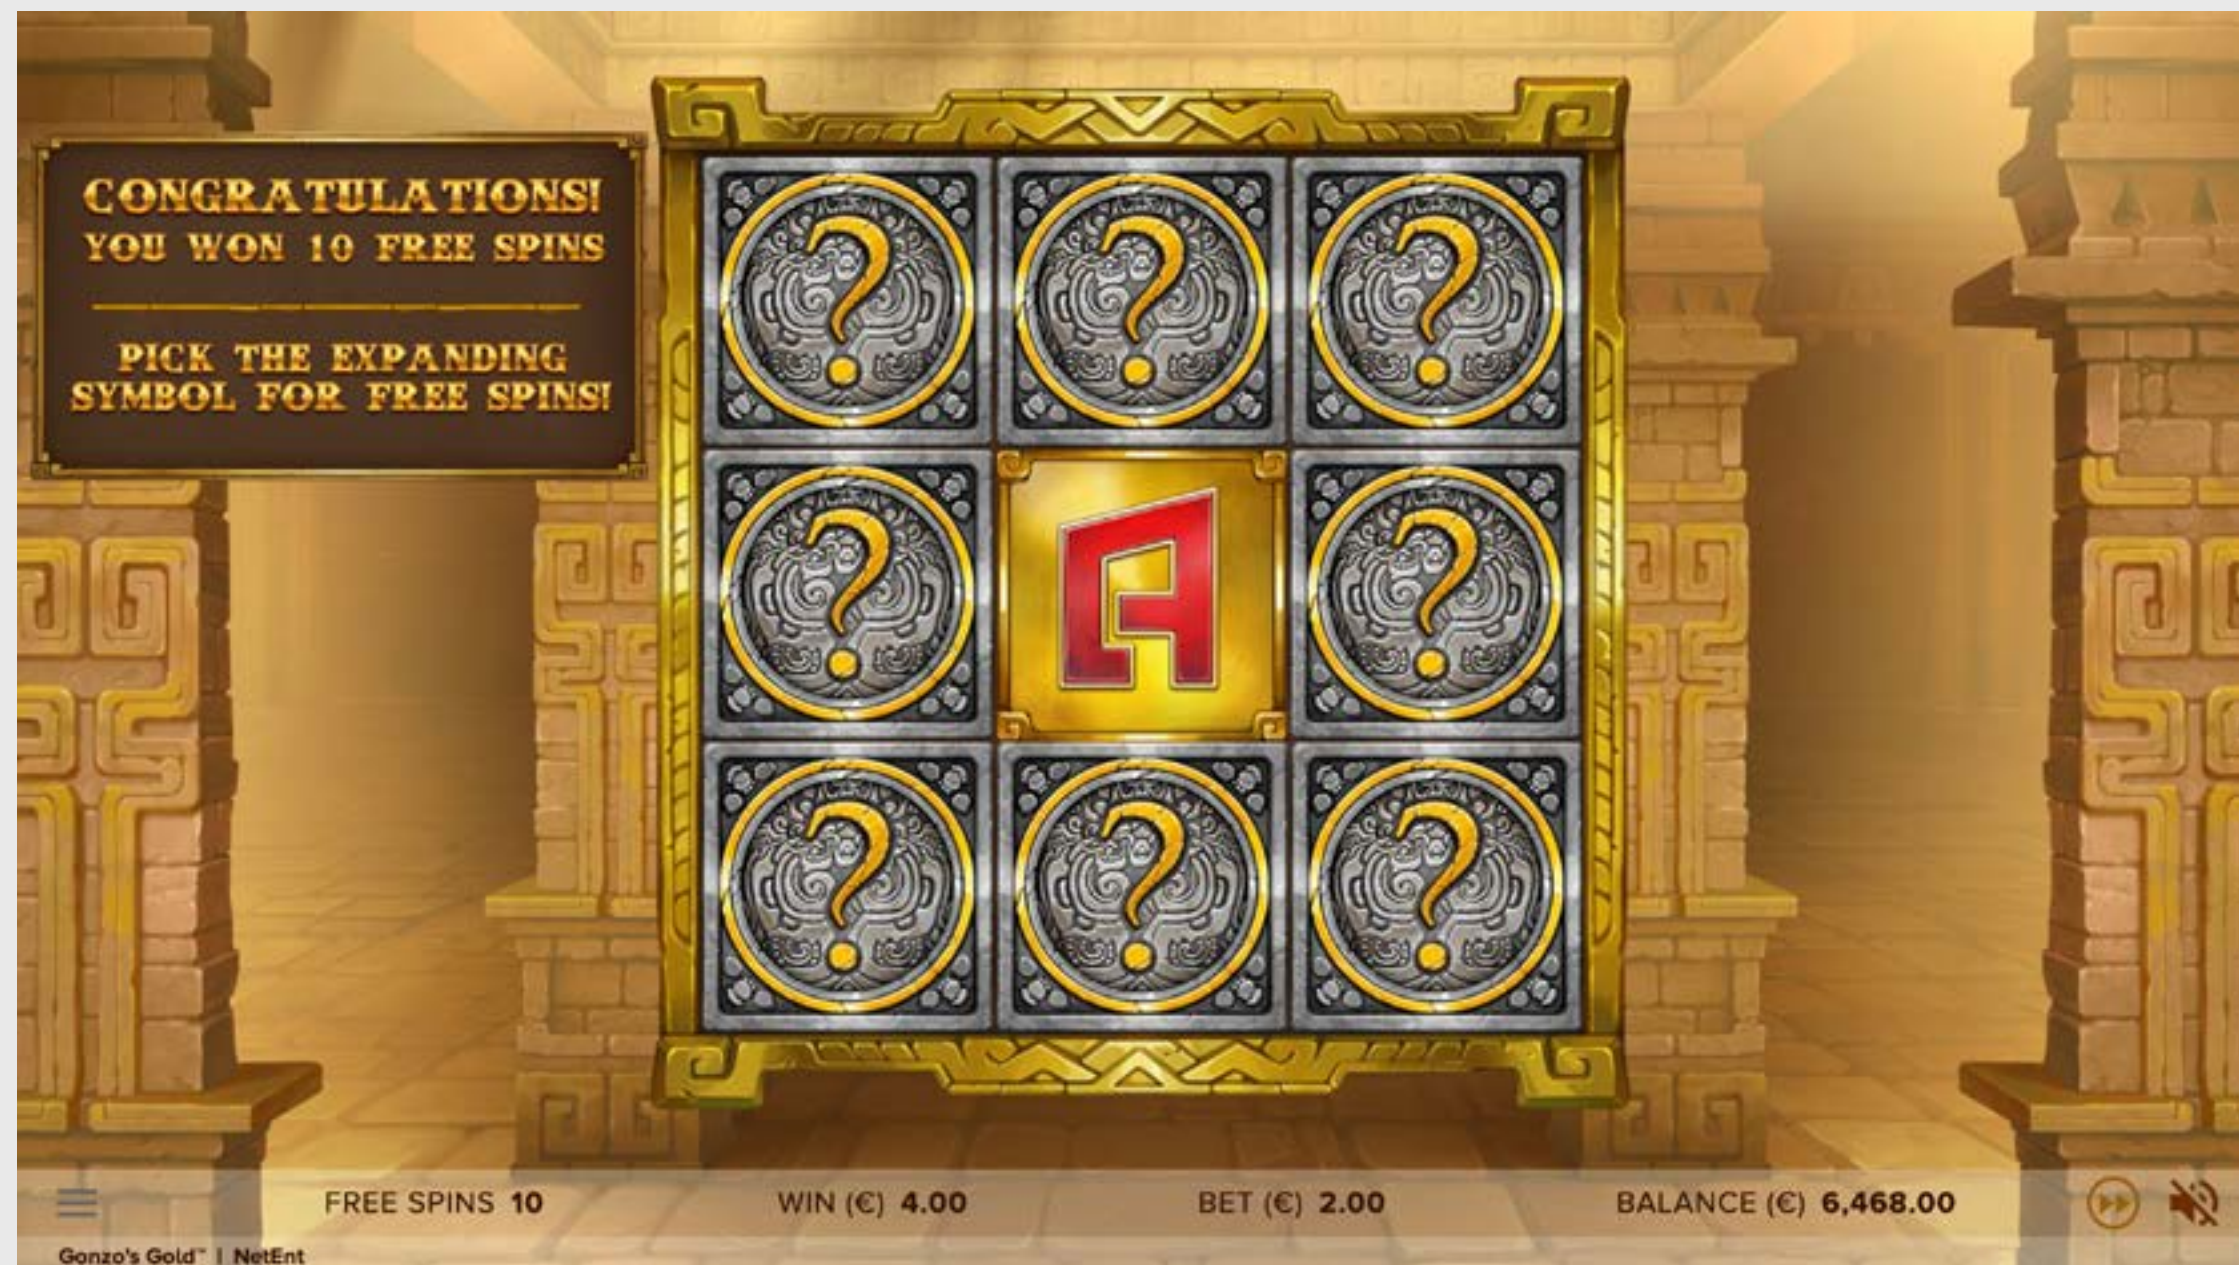

### FREE SPINS

Free Spins is triggered by 3 or more scatter symbols. Triggering Free Spins will award 10 Free Spins and a bonus win. 3 or more scatters in Free Spins will add 10 more Free Spins and a bonus win - for 3 scatters a bonus win of x2 will be awarded, for 4 scatters a bonus win of x20, and for 5 scatters a bonus win of x200. Free Spins are played at the same bet as the round that activated Free Spins. At the end of the spins, the total win is added to any wins from the round that activated Free Spins.

## FEATURES IN THE GAME

## GOLDEN SYMBOL EXPANSION

In Free Spins, two or more horizontally or vertically adjacent Expanding Symbols appearing on the reels expand to cover the entire row or reel respectively. Scatter symbols substituting for Expanding Symbols do not expand and do not cause adjacent Expanding Symbols to expand. Expanding Symbols expand after the initial wins are evaluated. After the initial wins are evaluated and any Expanding Symbols expand, an additional cluster win is awarded for the cluster of Expanding Symbols. When this cluster win is evaluated, all Expanding Symbols are considered to be adjacent, regardless of their position on the reels. All symbols, except Scatter Symbols, can be considered a Golden Expanding Symbol during Free Spins and remain golden for the whole Free Spins session.
