ABOUT INTERSTELLAR ATTACK

Hop on your spaceship and fly into a galactic battle against aliens, asteroids and motherships! You are in for a leveling up adventure, and **big rewards up to 25,000x your bet!**

Examples of Mobile/Desktop Base Game and Desktop Bonus Round

Everytime you hit your enemies, there's a reward! Different ships with different **shooting power** and a collection of **Sticky Power-Ups** will help you hit more symbols and/or **achieve greater payouts in 1 go!** Keep your players engaged with our industry-known **Spin-crease feature** that upgrades symbols values, and have them back to play where they left off thanks to the **persistent state** that saves user progression!

A whole generation will enjoy this Space Invaders inspired slot, that beyond huge rewards, packs a tone of excitement with a familiar theme, an outstanding visual approach, and sound effects that will delight your players.

FEATURES

WYSIWYG (What You See Is What You get)

Every spin can bring a spaceship to the bottom of a column, where it will shoot upwards. Whenever it hits a symbol, there is a win (WYSIWYG mechanic), and the value is displayed. The values are in the symbols themselves, rather than in combinations, lines or ways.

Shooting Power

4 types of spaceships grant different shooting power: 1 shot, 2 shots, 4 shots and a full column shot (destroys all symbols in 1 column). 1 shot will only hit 1 symbol, 2 shots will hit 2 symbols (if there are at least 2 symbols on the column), and so on.

Spin-Crease

Collect green crystals, fill the meter and upgrade symbols values or get more powerful spaceships. The higher the bet, the quicker Spin-crease happens. Spin-Crease is the ideal tool for retention, as user progression is saved, granting higher rewards over time.

Sticky Power-Ups

Examples of Row Bomb and Area bomb

Destroy symbols and **Collect Red Crystals**, fill the meter and get **Sticky Power-Ups** to hit more symbols in 1 go, or to multiply your winnings. There are 4 sticky Power Ups that boost winnings:

Triple Arrows:

A spaceship landing on it, will Triple shoot, also shooting on its left and right columns.

Multiplier:

Multiply a winner shot by 2x to 10x when a ship lands on this power up.

Area Bomb:

When hit, destroys all surrounding symbols on a 3x3 grid.

Row Bomb:

When hit, destroys all symbols in the same row.

Sticky Power-Ups on Bonus Rounds

During the Bonus Round, a Sticky Power-Up is added on every odd spin (starting on the 1st, then 3rd, 5th and so on), and they will remain for the entire bonus until they are hit by a shot.

Bonus Screen with 2 Row Bombs, an Area Bomb, a Triple Arrow and a x2 Multiplier.

BONUS

Enter the bonus round whenever a scout ship at the top of the reels is hit, starting with 10 Free games.

Retriggering (+1 Spins)

Win +1 Spin each time a scout ship or mothership is hit (outside and above the reels). Collect as many extra spins as you can, as long as the spins meter on the top left is not full (max 10 playable spins at one time). Level up through 6 levels when all scout ships on one level are destroyed, granting higher rewards! **1st to 6th level rewards are respectively: 10x, 20x, 50x, 250x, 2.500x and 25.000x the amount bet!** The higher the level, the more difficult to complete, but the payout is worth the challenge!

Sticky Power-Ups

Sticky Power-Ups are added randomly every odd free spin (starting on the 1st, then 3rd, 5th, 7th spin and so on), and will remain until hit by a shot. This increases the winning chances and value of the payouts.
