Intro

GHOST OF DEAD is a 5-reel, 3-row video slot game with 10 paylines. The game features a WILD SCATTER symbol, 4 HIGH PAYING symbols, and 5 ROYAL symbols.

GHOST SPIN may activate randomly on any normal spin. Ghost selects a ROYAL or HIGH-PAYING symbol which becomes a special EXPANDING SYMBOL in the round. The chosen special EXPANDING SYMBOL can form winning combinations across non-adjacent reels. When a winning combination is formed, then all chosen symbols expand. GHOST SPIN cannot be re-triggered.

Landing 3 or more SCATTER symbols on any reel in base game trigger FREE SPINS, with an initial 10 spins. The player can choose one of 3 random ROYAL or HIGH-PAYING symbols which will become the special EXPANDING SYMBOL during the feature. SPECTRAL SCATTER symbols cannot land for the duration of FREE SPINS. The feature can be re-triggered by landing 3 or more SCATTER symbols with 10 additional FREE SPINS awarded. The chosen symbol will be kept for re-triggered rounds.

SCATTERS might turn into SPECTRAL SCATTERS when FREE SPINS trigger leading to AWAKENED FREE SPINS instead. 3 or more SPECTRAL SCATTERS trigger an initial 10 AWAKENED FREE SPINS. The player can choose one of 3 random ROYAL or HIGH-PAYING symbols which will become the special EXPANDING SYMBOL during the feature. Besides the chosen symbol the Ghost chooses at random a second special EXPANDING SYMBOL in each round of AWAKENED FREE SPINS. The chosen special EXPANDING SYMBOLS can form winning combinations across non-adjacent reels. When a winning combination is formed, then all chosen symbols expand. Normal SCATTER symbols cannot land for the duration of AWAKENED FREE SPINS. The feature can be re-triggered by landing 3 or more SPECTRAL SCATTER symbols with 10 additional AWAKENED FREE SPINS awarded. The chosen symbol will be kept for re-triggered rounds.

The chosen special EXPANDING SYMBOL can form winning combinations across non-adjacent reels. When a winning combination is formed, then all chosen symbols expand.

The SCATTER and SPECTRAL SCATTER symbols act like WILD symbols, and substitute for all symbols. WILDS do not take part in winning combinations of expanding symbols. SCATTER and SPECTRAL SCATTER symbols cannot land on the same spin.

You can attempt to multiply your prize in the optional Gamble round. Press the GAMBLE button after winning a prize to start the round. Your objective is to correctly guess the colour or suit of a face-down card. Take your guess by clicking the appropriate button. If you correctly predict the colour, you double your prize. If you correctly predict the suit, you quadruple your prize. You can play the Gamble round up to five times in succession and up to a limit of 2500 coins.
