Jelly Free Spins

During Free Spins: ALL WINS START WIN STREAKS JUMBO ROWS ARE LOCKED FOR REMAINING SPINS

Scatter Game

Landing 3 or bonus scatter symbols awards free spins - 2 per scatter symbol landed. The reels will change to become a 3x3 jumbo layout and the SCATTER GAME will start. In the SCATTER GAME all positions that do not contain a bonus symbol will respin. Additional bonus symbols landed will add +2 free spins to your total. New symbols will lock and the reels will continue to respin until no more bonus symbols are landed or all positions are full. You can win a maximum of 18 free spins.

Jumbo Row Pops

Any win that contains a matching pair of winning symbols within one of the 9 reel segments will trigger a JUMBO ROW POP. The entire row will turn from 6 small symbols, to 3 JUMBO symbols, and the trigger pair will turn into a JUMBO WILD. This will also start WIN STREAK RESPINS. During WIN STREAK RESPINS triggering pairs of winning symbols on non-colossal rows will cause more JUMBO ROW POPS. When all rows are JUMBO the spin will pay at x1 then additional respins in the streak will have a WIN MULTIPLIER that increases by 1 on each new respin. More win lines are added to the game every time a row goes colossal.

Game rules

Welcome to JUMBO JELLIES featuring JUMBO STREAK SPINS and JELLY FREE SPINS bonus!

Jumbo Streak Spins

The base game has a 6×3 reel layout also arranged into 9 segments separated by gold lines. Any result that contains a matching pair of WINNING symbols within one of the 9 segments will trigger a JUMBO ROW POP. The entire row will turn to 3 jumbo symbols, and the trigger pair will become a JUMBO WILD. A trigger pair must be an exact pair, wilds do not substitute.

This will start JUMBO STREAK SPINS, during which more win lines are added to the game and any win will continue the streak. When all rows are JUMBO the spin will pay at x1 but then additional respins in the streak will have a WIN MULTIPLIER that increases by 1 on each new respin.

Base game has 20 lines, with one jumbo row it's 25 lines, 2 jumbo rows 30 lines and all 3 jumbo rows is 40 lines.

Scatter Game

Land 3+ BONUS scatter symbols to trigger JELLY FREE SPINS. These occur on reel columns 1, 3 and 5. You will be awarded 2 free spins for each bonus scatter symbol you land to a maximum of 18 free spins. The reels will change to become a 3×3 colossal layout and the SCATTER GAME will start.

In the SCATTER GAME, collected bonus symbols will lock and the rest of the reels will respin. Any additional bonus symbols landed will add +2 FREE SPINS to your total. This will continue until no more bonus symbols are landed or all positions are full.

If you win JELLY FREE SPINS on the same spin as a JUMBO ROW POP, the bonus scatter symbols will be stored and your WIN STREAK RESPINS will be played. When the streak completes the bonus symbols will be restored and the SCATTER GAME will begin.

Jelly Free Spins

During free spins:

- All wins will start a win streak.
- JUMBO ROWS will remain jumbo for the duration of the bonus.

How To Play

- Select your total bet or use the default.
- Press the Spin button to start the game.

How to Calculate Payline Wins

To calculate the total win, add all the symbol wins together.

To calculate a single payline win, count the number of identical symbols lined up in sequence on the line starting from the left most reel.

If three or more identical symbols are lined up, find the win value in the Pay Table. Only the highest winning combination per line is paid out.

Wild symbols will substitute for any symbol to create wins, except bonus scatter symbols or other special symbols not defined in the payable.

Individual wins are summed for you after the spin and the total win will be displayed either on or under the reels depending on the combined value.
