GENIE REWARDS

Magic Lamp symbols are the most valuable in the game, as they will fill the biggest Cash Pot in the middle - the Book symbols will fill the medium Cash Pot, while the Star symbols will advance the smallest pot.

RISK & REWARD

This 3-reel game has 5 win lines, costing 20 coins, and is a risk and reward style game, where the longer you hold out the bigger your winnings could be - but the Genie is always waiting to stop you in your tracks.

CASH POTS

At the start of the game, depending on the symbols, each winning spin will advance one of the three Cash Pots: Star wins fill the smaller pot, Book wins fill the medium pot and Lamp wins fill the most valuable pot.

LADDERS

You can collect the Cash Pots at any time, but the more you spin the more you can fill them, with the ultimate goal being to reach the top of the ladders, when Instant Pays will be triggered.

INSTANT PAYS

Once the top of a ladder is reached, any further wins involving the corresponding symbol will award Instant Pays, while the Cash Pots will remain intact, allowing for multiple instant winning spins.

EVIL GENIE

At any time while the cash pots are filling, or the top of a ladder has been reached, the Genie can pop up to scupper your plans - as when he appears all Cash Pots are emptied and you need to start filling them again.
