Wilds

Wild symbol substitutes for all symbols to complete the winning combinations. Wilds do not substitute for Bonus symbol and coins.

The Hammers

Two Hammers are placed in random positions above the reels at the start of every game round. Depending on their position, one of three features can be triggered.

Valhöll

Wild Hammers

Wild hammers Freespins

The Hammers landing over reels 1 and 6 trigger 10 Free Spins. During Free Spins, the hammers will shoot lightning onto the reels, converting 1-2 symbols into a sticky wild, that will remain for the duration of the entire freespins won. If a Wild is hit by lightning, it will receive a multiplier, to be added to any payline win that connects with that wild.

If you receive a Wild on all six reels, you will receive 5 extra freespins.

Loki's Mischiefs

Triggered by both Hammers landing on the adjacent reels. Two symbols will be picked on those reels, and all symbols of the same kind will be replaced by Wilds.

Wild Lightning

Triggered by both Hammers landing over the same reel. This will convert the entire reel into Wilds.

Gamble

You can have the opportunity to risk it all and gamble to increase your wins.

Choose between betting on red or black to double your win or go for the card suit bet to increase your win four times.
