BOOM TIME

Boom Time brings your players an explosive gaming experience, with an alternative reel layout for elevated video-slot sessions. Coupled with the classic heist theme, and the game's trio of would-be heisters, Boom Time brings a rounded action slot to your lobby.

With an array of bombastic Wilds, Boom Time has plenty to aim for in the core gameplay, and even more in Freespins, with a dynamic Freespins Progression system. Players will use these Wilds to bust open the bank's safe, with Regular and Sticky Wilds in the base game, and Enhanced Wilds during Freespins.

BIG WIN

DURING **FREESPINS**, PLAYERS ARE PITTED AGAINST THE CLOCK TO REACH **BOOM TIME** IN THE GAME'S **TUMBLE-TRAIL PROGRESSION SYSTEM**, WHERE EACH CONSECUTIVE TUMBLE MOVES THEM ALONG THE PROGRESS BAR, AWARDING **MULTIPLIER INCREASES** AND ADDITIONAL FREESPINS AS IT DOES SO.

THE STICKY WILD

If landed at the end of a tumble, this stick of dynamite explodes itself alongside 2-5 symbols on the centre reels.

FREESPINS

During Freespins, each consecutive winning tumble moves the player along the progress counter, awarding multipliers and extra Freespins as the player progresses.

ENHANCED WILD

When part of a win, the Enhanced Wild can either increase the Freespins multiplier, or award additional Freespins.

BOOM TIME

Progressing fully along the counter triggers Boom Time, and fills the reels with gold bars. Each bar contains a multiplier, and will contribute to the final payout for Freespins.
