Payline and Payout Rules

- Payline wins run from left to right, starting from the first slot reel.
- The number of paylines played is fixed.
- This game includes 20 paylines.
- Wins are multiplied by the total bet.
- The payout value is based on the winning combination formed.
- The Paytable displays the payout for each symbol combination based on the current bet.
- Only the highest winning combination is awarded per symbol combination.
- Coinciding wins on different paylines are added to the win.
- Free Spins symbols pay scattered.
- If multiple winning combinations land on a single payline, only the highest win is awarded.
- Any wild combinations on the payline pay the highest win awarded before wild multipliers are applied.
- Payline win payouts are based on the initial bet placed.
- The total payout is the sum of all payline wins and Scatter wins resulting from a spin.
- The win up to value displayed is rounded down, and is approximately the highest possible win achievable on a single spin.

Wild Symbols

- Wild symbols can substitute for all symbols except Free Spins symbols.
- If a win includes several Wild symbols, the multiplier values are all multiplied together
- Each Wild symbol lands with a multiplier between 1x and 5x.
- Wild symbols can create their own winning combination when landing in a payline combination.
- In cases of short spin intervals, for example with Quickspin enabled, the Wild multiplier may not be displayed.

Free Spins Feature

- Free Spins is a Free Spins feature.
- Free Spins symbols appear in base game only.
- Free Spins symbols appear on reels 1,3 and 5 only.
- 3 Free Spins symbols anywhere on the reels trigger this feature.
- In Free Spins you are awarded 3 Free Spins that can reset.
- Landing a Wild symbol during the free spins resets the remaining free spins to 3.
- Wild symbols become Sticky Wild symbols.
- Sticky Wild symbols remain in their position for the duration of the free spins
- The maximum multiplier for a Sticky Wild symbol during the feature is 9x.
- All bets played are the same as the spin that triggered this feature.
- Free Spins play out automatically.
- The Free Spins are free to the player.
- Wins awarded during the feature are added to base game wins.

- Once a Wild symbol has landed, for each remaining spin a dynamite increases the value of 1 random Sticky Wild symbol by 1x.
- The feature ends when there are no remaining free spins left.

Piggy Pots Bonus Feature

- Piggy Pots Bonus is a Free Spins feature.
- Coin symbols appear in base game only.
- The coin symbol can appear over any of the pig symbols.
- The coin symbols can only appear on non-winning rounds and cannot appear if there is a Free Spins symbol on the first reel.
- Collecting the coin symbols grants a chance of triggering the Piggy Pots Bonus.
- In this feature, the free spins are referred to as bonus spins.
- 5 bonus spins are awarded.
- There are 4 fixed prize levels awarding 15x, 40x, 200x and 5 000x bet which are drawn randomly as a prize for each pig symbol.
- The pig symbol that lands the most number of times during 5 bonus spins is awarded the prize indicated in the meter below the respective pig.
- All bets played are the same as the spin that triggered this feature.
- Bonus spins play out automatically.
- The bonus spins are free to the player.
- Wins awarded during the feature are added to base game wins.
- The feature ends when there are no remaining bonus spins left.

Buy Feature

- The Buy Free Spins cost is 50x bet.
- This feature is available in base game only.
- Activating this feature will instantly trigger the Free Spins feature.
- This feature is not available above a certain bet threshold

BUSINESS REASONING

Peaky Pigs™ follows the Snowborn trend of taking simple and easy to understand gameplay to new heights with rock-solid art and production values! The game combines a well-known theme mixing it up a humorous cartoonish style and exciting gameplay.

The features of the game extend on a proven mechanic of combining multiplier wilds taking it even further in the Free Spins where the player will quickly catch on to the win potential. The Piggy Pots Bonus triggered by collection guarantees a prize and makes the feature simple to follow. The game targets a wide player base with a popular theme while built in a way where the game is enjoyable for everyone, with volatility in the free spins but an enjoyable base game experience which also holds epic win potential!

ART DIRECTION

Peaky Pigs is a cartoony gangster themed game with influences by the 1900s British gangsters as depicted on several current popular shows. To brighten up this rough and gritty theme we chose to use humorous pig characters and colourful graphics in a lighter style. The character design of the pigs is cartoony but roughed up adding more intensity and character to the game. Art style is combining a detailed, hand painted and stylised look with clean, sharp and crisp symbols outlined to stand out well on the light reel area. Colours and contrasts are balanced - warm vs cold, light vs dark and complementary colours to make the game easy to follow. .

SOUND DIRECTION

The sound direction of Peaky Pigs is a mix of a moody soundtrack in the base game reflecting the theme combined with exciting and uplifting music in the games two features. The effects are especially designed to blend in the theme and art style to create a strong and unified ambience throughout the whole game.
