MULTIPLIER WILDS

Wilds can land on Reels 2, 3, 4 or 5 and will expand on a win line to create stacked wilds with multipliers of up to 10x - multiple wilds can appear on the same spin, with different multipliers, to create some colossal wins.

HOLD & WIN RESPINS

Six or more gold coins will trigger Colossus Hold & Win Respins, where 3 initial respins are awarded and will reset to 3 every time at least one new coin lands, with all values in view paid when the respins run out.

COLOSSUS RISING FLAME

At the start of Hold & Win Respins, as well as when a new coin lands or at the end, the Colossus Rising Flame can flare up to multiply the value of each coin in view by 2x, 3x, 5x or 10x - boosting the final payout.

COLOSSUS SPIN

Fill the entire grid with coins during Hold & Win and you will gain one Colossus Spin on the special wheel, triggering either the Minor, Major or Colossus Award, worth 50x, 500x or a whopping 10,000 x Bet.
