Game rules

Welcome to Vikings Go To Valhalla Video Slot with 2 Free Spin modes, the Ragnarok Wheel feature, Berzerk Respins and more wonderful features.

ABOUT THE GAME

Vikings Go To Valhalla is a Video Slot with 5 reels, 4 rows and 25 fixed paylines oriented from left to right. The game has four Viking symbols and four shield symbols that win if three or more are lined up on a payline, beginning from the leftmost position. The Wild symbol substitutes for all regular symbols. There is also a treasure chest that only lands on the 5th reel.

Viking Battles

All Vikings that land on the reels will fight Jormungadr the Snake in all non-base-game modes. If they win the fight, they will turn into a sticky Wild for the remaining feature spins. If they lose the fight, they land as regular high symbols. Vikings which are in Berzerk mode always win their fight.

Berzerk Respins

Each Viking has a rage meter in the base game. Collecting 16 rage points triggers that Viking's Berzerk Respins. 1 point is collected from a 3-of-a-kind win, 2 points are collected from a 4-of-a-kind win and 3 points are collected from a 5-of-a-kind win. The Viking that triggers the Respins will be in Berzerk mode for the entire Respin round (meaning they always win their battle). The Respins end

when there are no battles won or if all the reels are filled with sticky Wilds. All new players will get 8 free rage points on 1 Viking. Berzerk Respins are played with the average bet size of all bet sizes used when rage points were collected.

Free Spins

Land 3+ Free Spin symbols anywhere on the reels to trigger Free Spins. Free Spins are played with the same lines and bet size as the activating spin. Before the Free Spin round begins, a bonus game is triggered where the player can get up to 4 extra bonuses. Vikings fight the snake each time they land on the reels and if they win the fight, they become sticky Wilds for the remaining Free Spins. Free Spin symbols only appear in the base game.

Free Spin Bonuses:

- Random Viking in Berzerk mode
- 1-2 extra Free Spins
- A sticky Wild is placed randomly at the start
- A sticky Wild Reel is placed on a random reel
- Extra Chests are added to reel 5.

Free Spin Triggers:

- 3 Free Spin symbols award 7 Free Spins
- 4 Free Spin symbols award 14 Free Spins
- 5 Free Spin symbols award 21 Free Spins

Ragnarok Wheel

Players get to play Ragnarok Wheel at the end of every Free Spin session. Players will spin a wheel and try to progress to the center. There are 6 levels which you advance by landing on a gold field. Landing on a black field turns it gold for the next session and ends Ragnarok Wheel. The entire wheel has 90 fields which are collected separately for each bet size. The fields are reset when you win Ragnarok Free Spins. The wheel starts with 20 gold fields for each bet size. Players can see how many gold fields they have and access more information from the icon next to the reels.

Ragnarok Free Spins

Ragnarok Free Spins are triggered from the Ragnarok Wheel. Players are awarded 7 Free Spins with a 1x multiplier. All Vikings are in Berzerk Mode (they always win their fights) for the entire Free Spin Session. The bet value is the same as the triggering spin. If Respins and Ragnarok Free Spins are triggered on the same spin, the Respins are activated first.

Treasure Chest

The treasure chest only lands on the 5th reel and can award 1 of the following prizes:

In the Base Game

- 2x – 500x Bet
- 7-21 Regular Free Spins

- Ragnarok Free Spins

In Free Spins

HOW TO CALCULATE PAYLINE WINS

- To calculate your total payline win, calculate all payline wins and add them together.
- To calculate a single payline win, count the number of identical symbols lined up in sequence on the line starting from the left most reel.
- If three or more identical symbols are lined up, find the win value in the dynamic Pay Table. There you can find the value for all symbols for 3 in a row, 4 in a row and 5 in a row. Only the highest winning combination per line is paid out.
- Simultaneous or coinciding wins on different paylines are added and paid.
- Collection Free Spin wins are rounded to nearest even value (using the bankers rounding algorithm) to avoid showing a fraction of a cent. The total win in the end screen displays the final rounded win.
