WALKING WILD FEATURE

Whenever an expanding WILD symbol hits, it expands to fill whole reel, winning combinations are paid, a respin is triggered and the WILD moves one reel towards the left edge, until it leaves the screen. More expanded WILDS can hit during the respins and they will adopt the same behavior. Respins continue until there are no more expanded WILDS on the screen, paying all winning combinations after every respin.

FREE RESPIN FEATURE

This is the SCATTER symbol.
It appears on reels 1, 3 and 5, only in the base game.

When 3 SCATTER symbols hit, a free respin feature is triggered.
During the free respin feature, the game will continue respinning for as long as there are WALKING EXPANDED WILDS on the screen.

This is the collectable WILD symbol.
It appears only during the free respins feature.

Collectable WILD symbols are gathered at the top of the game and they can go to the reels as expanded WILDS as part of the feature.

The round starts with 2 collectable WILDS already awarded. When respins start one or more collectable WILDS are sent to the screen to random reels, becoming expanding WILDS and the WALKING WILD respins will trigger until there are no more expanded WILDS on the screen.

At every respin, more collectable WILD symbols can hit and they will be collected, then being added back to the screen to random reels at random respins or when there are no more expanded WILDS on the screen.

The round ends when there are no more expanded WILDS on the screen and collectable WILDS that can go to the screen.

Special reels are in play during the feature.
