ABOUT GOLDEN KNIGHT INFINITY

The land-based hit Golden Knight gets a revamp with our popular Racking Up Riches model, in a gameplay mechanic never seen before! Welcome to an infinity respins madness!

This popular hit comes again in a complete new gameplay mechanic! Based on Racking Up Riches, where same symbol clusters get formed, and respins go on as long as enough new same symbols continue to land, gets a jaw-dropping new gameplay: Welcome to the Infinity respins!

Get at least 5 of a kind symbols (and at least 1 on reel 3), and watch your reels expand with an extra reel. With every win, this process repeats. Multipliers and respins can be collected with each corresponding Wild symbols. Multiply the total win of each spin streak (spin and following respins originated from that spin) by the total number of multipliers collected. Or have an extra respin if no win occurs and you have collected a respin symbol.

Land 3 Jackpot symbols and start the Jackpot feature with 1 respin, and +1 with every extra jackpot symbol collected. Respins continue as long as 1 golden coin symbols lands. Win a jackpot based on the total number of golden coins collected, up to 4,000x the bet with 25 coins collected.

Golden Knight Infinity does also feature 2 Power bets which make the triggering of features easier by reducing the required minimum number of symbols needed to activate them:

- The 4 of a kind power bet does only require 4 symbols to start the infinity feature and increases the number of respins or the number of multipliers when hitting the bonus game.
- The Boost Power bet allows the bonus game and the jackpot game to start with only 2 symbols instead of 3.

Land 3 to 5 Bonus symbols to select between 3 free games modes: more free games, more respins or more multipliers.
