Welcome to MexoMax! Video Slot with Free Spins, dropdown wins, multipliers, Free Spins, and more features.

ABOUT THE GAME

MexoMax! is a Video Slot with 6 reels and 6 rows. This game features cluster wins that pay if a cluster of 5 or more identical symbols land. The game has 8 regular paying symbols. There is a wild symbol that substitutes all regular symbols. There is also a Scatter symbol that awards Free Spins and a bomb symbol that awards a multiplier.

Dropdown Feature

This game features Dropdown wins, meaning that winning symbols disappear from the reels, leaving room for new symbols to drop down (Extra Free Spin symbols can also land in dropdowns). Each time the player gets a Dropdown win, a wild is added to one of the winning positions before the rest of the slot positions are refilled.

Multipliers

Every dropdown win increases that reel's multiplier by 1x. The multiplier is reset after every losing spin or dropdown in the base game. In Free Spins the multiplier does not reset within the session.

Free Spins

Landing 4 Free Spin symbols awards 8 Free Spins. Landing 5 Free Spin symbols award 12 Free

Free Spins Gamble

When entering a Free Spin Session, players can gamble for more Free Spins (unless they already have 18 Free Spins). If they are successful they upgrade their 8 Free Spins to 12, or from 12 Free Spins to 18. If they are unsuccessful the Free Spin session is lost.
