FEATURES

FREE SPINS

If all dark stone blocks in the main game are destroyed, the Free Spins feature is awarded. In Free Spins, some dark stone blocks are special and contain extra spins or added multipliers. There is a choice of three different Free Spin modes:

MULTIPLIERS

Special stone blocks contain 1x, 2x or 3x added multipliers

MULTIPLIERS & EXTRA SPINS

Special stone blocks contain added Multipliers or extra spins.

EXTRA SPINS

Special stone blocks contain 1, 2, 3, 5 or 10 extra spins

In all different modes, clearing every third full row of dark stone blocks, regular and special, awards +2 free spins.

TNT BLOCKS

When the TNT stone block is destroyed it also destroys any other dark stone block on that row.

WILDS

Wilds are likely to be generated in stacked segments on each column. Unlike the other symbols, wild symbols are not destroyed by a win, instead, they are destroyed when they fall down to the bottom row and are included in a win.

DREAM DROP

JACKPOT SPIN

When triggered, the Jackpot Spin is played as an additional spin before the normal spin, with only no-value symbols and DD symbols on the reels.

The Dream Drop Bonus is triggered when uncovering 5 DD symbols in the randomly triggered Jackpot Spin.

DREAM DROP BONUS

There are 5 jackpots that can be won: RAPID, MIDI, MAXI, MAJOR or MEGA.

In the Dream Drop Bonus you can land stone blocks or DD symbols. DD symbols stay on the reels while stone blocks are destroyed. Spins are played until one of the reels is filled by DD symbols, and the corresponding jackpot is won.
