# Puebla Parade

## WHAT'S THE STORY?

Celebrate Cinco de Mayo in living colour at the Puebla Parade.

Dance until your feet are sore as the rhythm of the music continues through the early morning hours.

Let's celebrate!

## MEET THE CHARACTERS

### DANCING DUO

These two lovers show us how it's done as they dance around the reels together.

### SEÑORITA

There's a reason her hypnotising Salsa steps are renowned throughout the town.

### SEÑOR

Known for his fancy footwork that could charm even the most reluctant of dancers.

## FEATURES

Dancer Wilds merge on the grid to create a Multiplier, stepping around the reels as they take to the dance floor.

Expanding reels take 5x4 to 5x7 paylines to make the dance floor bigger and create more ways to win.

## IN-GAME ARTWORK

Bright, bold and beautiful the artwork in this game leaps off the reels. If you look carefully, the low-paying symbols look like the paper decorations that would be strewn throughout the streets on Cinco de Mayo!
