# Secret of Dead

Secret of Dead is a 6-reel, 3-row video slot game with 10 paylines.

The Ankh Scatter symbol acts as a Wild, and substitutes for all other symbols.

3 or more Scatter symbols trigger Free Spins.

The number of Free Spins awarded is based on the number of Scatters landed: 3 Scatters award 8 Free Spins. 4 Scatters award 10 Free Spins. 5 Scatters award 12 Free Spins. 6 Scatters award 15 Free Spins.

During Free Spins, 3 or more Scatter symbols re-trigger Free Spins. 5 additional Free Spins are awarded and an additional special Expanding Symbol is added.

1 regular symbol (except SCATTER) is chosen at random to become a special Expanding Symbol in FREE SPINS. When enough of the respective symbol lands, they expand to cover all reel positions. These symbols do not need to appear adjacent to result in extra wins.

Re-triggering Free Spins during the same session adds another special Expanding Symbol.

You can attempt to multiply your prize in the optional Gamble round. Press the GAMBLE button after winning a prize to start the round. Your objective is to correctly guess the colour or suit of a face-down card. Take your guess by clicking the appropriate button. If you correctly predict the colour, you double your prize. If you correctly predict the suit, you quadruple your prize. You can play the Gamble round up to five times in succession and up to a limit of 2500 coins.

# Casino Standard Rules and Settings

## WIN CALCULATION AND BETS:

- 1) Maximum wins are inclusive of the origin bet and based on the default bets for games
- 2) Underlined and bold values are default settings
- 3) Default settings can be changed by the operator
- 4) If the default settings/bets are altered, the maximum wins will be altered as well

## CURRENCY:

- 1) All currency values relate to a currency multiplier of 1 which is accurate for EUR, USD, and GBP.
- 2) Other currencies, another multiplier might be used. For example: SEK has currency multiplier 10. All values related to currency should thus be multiplied by 10 for SEK. I.e. 10€ = \$10 = £10 = SEK100.
- 3) All currency is marked with an asterisk (\*) next to the caption in all tables.
