DEUCES WILD

Game Features

ROYAL FLUSH BONUS

Deuces Wild is classic 5-card draw poker, where the player is dealt 5 initial cards and can choose to hold or discard as many cards as they like for the second draw - with a final hand of Three of a Kind or better triggering a payout.

WILD 2'S

As the name says, in Deuces Wild all 2's are Wild and can be used as any other card to help form winning combinations, meaning Five of a Kind hands are possible and an enhanced payout of 200 x Bet is awarded for Four Deuces.

GAMBLE OPTION

You can also choose to gamble any wins of 100 coins or less in order to boost your balance - just find a higher card than the randomly chosen one to double your winnings up to a maximum of 5 times.
