FEATURES

White Rabbit Wild

The White Rabbit Wild is present in every spin and moves one step closer to the hot spot every time a cluster win is made.

Once the White Rabbit Wild reaches the hot spot, it expands to a size between a 2x2 to a 5x5 wild, depending on the state of the hot spot, and forms a win, removing it from the game area. It is then replaced on the reels in a random position anywhere in the game area.

The wild can reach the hot spot multiple times within the same game round, increasing the size it can expand up to and retaining the multiplier achieved.

The White Rabbit Wild features a multiplier which increases by 1 every time it is involved in a cluster win.

Mad Hatter's Free Spins

6 Free spins are awarded when 3 scatters are collected throughout a game round.

Scatters are removed from the reels after landing and can be seen stored near the game area.

Free spins upgrades the White Rabbit Wild expansion and multiplier features, making them persistent throughout the free spins!

The wild expansion starts by enlarging the wild into a 2x2, increasing up to a 5x5 each time it reaches the hot spot and does not reset back to a 2x2 between spins.

The wild multiplier increases by 1 each time it forms part of a cluster win, remaining throughout the entire duration of the free spins round.

Wild
