

LILLY PALMER LONDON

Party alert! Lilly Palmer is now live in London, behind the decks for multiple evenings in a row. This tour promises insanely spectacular evenings with some of her biggest hits, so gear up for some powerful, impulsive tech sounds with electrifying basslines.

LILLY PALMER LONDON is GameArt's tribute to this electronic dance music artist. With 25 paylines, this 5x3 cascading win slot has some cool features including a JUKEBOX music selection feature with which you can switch between four of Lilly's tracks: Vertigo, Amnesie, Master, and Excess.

CASCADE wins increase the multiplier level for the following cascade, with your base game multiplier serving as the starting multiplier for every spin during Free Spins. Lilly Palmer herself is a WILD, substituting for all symbols except Scatters, but you will really want to see her land on reel 5, as a STACKED WALKING WILD.

Stacked Walking Wilds are not destroyed after wins, will trigger a RESPIN, lock the reels, and start walking left increasing the multiplier with every step until she reaches reel 1. If two-thirds are in view, there is a chance it will nudge into full view. Be sure to collect 5 DJ turntable SCATTERS in the base game to trigger 15 FREE SPINS and win 5X your bet. During Free Spins, collecting 5 Scatters triggers an additional 5 Free Spins, and Stacked Walking Wilds can appear on any reel and move randomly left and right during each spin.

You will also have three Buy Bonus options with variable Free Spins Starting Multipliers to choose from.

Lilly Palmer London is brimming with energetic vibes. So, get your tickets now before they sell out and prepare to welcome this fantastic artist on stage.

Game features

MULTIPLIERS

Getting a Cascade win increases the multiplier level for the following Cascade. Each consecutive Cascade win increases the multiplier level. Keep your base game multiplier as the starting multiplier for every spin in Free Spins. Multiplier levels in ascending order are n1x, 2x, 3x, 4x, 5x, 7x, 10x, 15x, 20x and 50x.

STACKED WALKING WILD RESPINS

Stacked Walking Wilds in the base game land on reel 5 and are not destroyed when participating in wins. When a Stacked Walking Wild lands in full view during the base game, a Respin is triggered and the reels are locked. During the base game, if a Stacked Walking Wild is two-thirds in view, there is a chance it will nudge into full view. The Stacked Walking Wild then moves left across the reels 1 by 1, triggering any wins and increasing the multiplier level until it reaches reel 1. During Free Spins, the Stacked Walking Wild can move randomly left and right during each spin.

WILDS

Wilds are destroyed when part of a win, and do not land on reel 5 in the base game.

FREE SPINS

Collecting 5 Scatters in the base game triggers 15 Free Spins and award 5x the bet. Collecting 5 Scatters in Free Spins awards an additional 5 Free Spins. The base game multiplier is the starting multiplier for every spin in Free Spins.
